

RUSSIAN PLACED UNDER ARREST BY NEW YORK POLICE

Seen in Financial District Just Before
Explosion

ADMITTED BEING AT
PLACE MENTIONED

NEW YORK, Sept. 18.—(By The Associated Press.)—Alexander J. Bralovsky, a Russian journalist who was taken into custody late this afternoon after the police had received an anonymous letter that he was seen in the financial district a short time after the Wall street explosion Thursday noon, was formally placed under arrest just before midnight on a charge of being an undesirable alien. He will be turned over to department of justice agents, the police said, while a check is being made on his movements.

Bralovsky was seized in a small stationery store on East Seventh street in the rear of which is a printing shop where the "Rusky Golos" ("Russian Voice"), described by the authorities as a radical Russian magazine, is published.

The writer of the anonymous letter informed the police that he saw Bralovsky and three other men talking at the corner of Pine and Nassau streets, near the scene of the explosion, about 20 minutes after the detonation took place.

Bralovsky, the police said, admitted being at the place mentioned, but placed his presence there an hour later than the letter charged. He denied all knowledge of the explosion. He explained his presence in the financial district by stating that he wished to dispose of some jewelry there.

Bralovsky further admitted, the police said, that he talked to three men there. He said he knew only one of them, but the man whom he knew was acquainted with the other two.

At first he refused, the police said, to divulge the name of his companions.

Investigation Takes Two Channels
New York, Sept. 18.—(By The Associated Press.)—Investigation of the explosion in Wall street Thursday noon which cost 35 lives and did property damage exceeding \$1,000,000 broadly divided itself tonight into two separate channels.

Firm in belief that the disaster was caused by a time bomb planted by a band of anarchists who were also implicated in the mail bomb plots in June, 1919, department of justice investigators, headed by Attorney General Palmer and William J. Flynn, chief of the department's bureau of investigation have centered their efforts in seeking the identity of the person or persons who deposited five radical circulars in a mail box near the scene just a few minutes before the explosion.

These circulars, printed on cheap paper and signed "American Anarchist Fighters," threatened "sure death for all of you," unless the political prisoners were freed. They bear a striking likeness, Chief Flynn pointed out to those found in the investigation of June 1919.

Meanwhile police investigators were concentrating their attention on trying to establish the identity of the driver of the dilapidated wagon, which was abandoned near the J. P. Morgan & Co. bank a few minutes before the explosion and which is believed to have contained the infernal machine. Experts in the police bomb squad who have examined and pieced together metal fragments believed to have been part of the bomb, declared the deadly missile apparently weighed about 500 pounds, 20 of which was the explosive itself.

Arrest Italian Stowaway.
Department of justice agents arrested an Italian stowaway on the outgoing steamship Cedric on suspicion that he may have been implicated in the plot. He was taken to department headquarters questioned later released, agents stating he had satisfactorily established his innocence.

Police detectives also questioned a foreign journalist following information that he was seen in the financial district a few minutes after the explosion took place, but, he, too, was later released. The only man being detained in connection with the explosion is Edwin Fischer, a lawyer and former employee of the French high commission here, who sent postcard warnings of the disaster to friends in the financial district. He was turned over to the police of Hamilton, Ontario, yesterday by his brother-in-law, Robert Pope, who said he was acting queerly. Fischer was later adjudged actually incompetent by a lunacy commission and temporarily confined to Hamilton jail.

Will Question Fischer.
Local police investigators have been sent to question him and if he has direct knowledge of the explosion to bring him back to New York, if possible. Fischer claims to have received notice of the impending disaster by "mental telepathy."

EVIDENCE SHOWS EXPLOSION WAS TO DESTROY LIFE

Officials Say That it was Intentional, Not Accidental

NOT ABLE TO NAME
EXPLOSIVE USED

WASHINGTON, Sept. 18.—All physical evidence at the scene of the Wall street explosion indicates that it was planned with intent to destroy life and was no accidental, George S. Rice, chief mining engineer of the bureau of mines, declared on his return from an examination made shortly after the blast occurred.

"The condition of the iron slugs found at the scene," Mr. Rice said, "proves that they were not encased in a bomb which would have resulted in greater fragmentation. They evidently were placed simply in close contact with the explosive. The trajectory of the missiles as indicated in the damage to buildings, also would prove that they had been placed only on the two sides of the explosive and not at the top or ends. In this position it was undoubtedly calculated that they would be hurled at levels which would result in the greatest loss of life."

"As a matter of fact, if the chief purpose had been to kill people in the office of J. P. Morgan & Co., across the street from where the explosive went off, it could not have been placed in a more logical position. If the vehicle containing the charge had been placed on the side of the streets occupied by the Morgan building the chief damage would have resulted only to the lower store structure, whereas at the greater distance, the trajectory threw the full effect of the explosion at the windows of the first floor. He said he had not been able to form an opinion however, as to what explosive had been used."

PICK UP MESSAGE OF LOST VESSEL

Bottle Found With Message From Ship Believed to Have Been Sunk by German Raider—Second Mate Was Chicago Resident

NEW YORK, Sept. 18.—What may be an echo of the war in the form of a message from a ship sunk by a German raider, was picked up today in Hoboken, where two longshoremen rescued from the water a sealed bottle.

In the bottle was a penciled message, dated July 14, 1915, and purporting to have been written by an officer on the steamship Neponon of Hopkinton, the first letter of the name not being clear. The message stated that the ship had been sunk by a German raider 24 miles southeast of Norfolk and that 47 members of the crew had been killed. The message was signed by "Captain H. W. Dodge of Cuba, W. L. per 2nd mate, J. B. Bultin, Chicago, Illinois."

QUESTION ATTITUDE IN CASE OF DEATH OF MAYOR MACSWINEY

Doubt England Would Permit Burial in Ireland

LORD MAYOR HAS
BEST OF ATTENTION

CORK, Sept. 18.—Doubt whether the event of Lord Mayor MacSwiney's death the British government would permit the body to be brought to Ireland for burial, was expressed by municipal officials today. It was suggested that, as the lord mayor's funeral undoubtedly would be made the occasion of great manifestations.

On this, the thirty ninth day of the hunger strike of the Cork prisoners, all are still alive. The home office physician, Dr. Pearson said that all might conceivably remain alive a week or more. Some details of the way the government has been handling the MacSwiney case are contained in the following statement by the home office:

"The lord mayor of Cork has from the first been allowed the privileges granted to political prisoners and has never been required to wear prison clothing. Since he has by his refusal of food reduced himself to a state of weakness, he remains in bed in a large room in the hospital and enjoys the best medical attention. He is nursed by two trained women nurses one of whom is constantly with him day and night, and everything possible has been done for his comfort. Excellent food suitable to his enfeebled condition is kept constantly by his bedside and his nurses have done their best to induce him to partake of it."

ILLINOIS APPLIES FOR FEDERAL LICENSE

Asks for Permission to Utilize Potential Water Power on Illinois River—Would Develop 40,000 Horse Power

Washington, Sept. 18.—The federal power commission has received license application from the state of Illinois for the utilization of potential water power on the Illinois river in conjunction with the construction of the proposed lakes to gulf water route.

Plans provide for four power plants on the river to develop a minimum of 40,000 horse power. Their construction will be carried out in connection with the development of a navigable course on the river to connect with the Chicago sanitary canal terminating at Lockport.

Formal license for this project will be issued at an early date, officials stated.

License to build a 60,000 horse power waterpower project on the Hudson at Troy, N. Y., will soon be granted the Ford Motor company.

CARSON CITY, Nev., Sept. 18.—Holding that the act of the federal body did not suspend the state rights to regulate rates on intrastate business the Nevada public service commission denied today applications of certain railroads for freight and passenger increases based on rate raises recently granted by the interstate commerce commission.

VACATION WALKOUT CUTS ANTHRACITE PRODUCTION DOWN

Has Been Curtailed Approximately Seventy Per Cent

TIDEWATER SHIPMENTS
MAKE NEW RECORD

WASHINGTON, Sept. 18.—Production capacity of anthracite mines was curtailed approximately 70 per cent during the week ended Sept. 11, the first full week following the "vacation" walkout of anthracite miners, it was reported today by the general survey.

With production shortened also by suspension of work on labor day, the total number of cars loaded was only 10,460 as compared with more than 35,000 cars the last week preceding the walkout.

Altho total production of bituminous coal, 10,566,000 tons also reflected the loss of one day, the daily average production was slightly above that of the preceding week, total output for which was 11,179,000 tons.

Bituminous coal dumped at Lake ports totaling 884,989 tons showed a decline of 18 per cent while tidewater shipments to New England showed a slight increase of 1,048,000 tons.

Coal shipped to tidewater in the month of August established a new high record, the report showed. At the four north Atlantic ports and Charleston, 5,352,000 tons was delivered an increase of 437,000 tons over July.

ITALIAN WORKERS AND EMPLOYERS ARE NEGOTIATING

Indications are Satisfactory Settlement Will be Reached

HITCH MAY ENSUE ON
AMOUNT OF WAGES

MILAN, Italy, Sept. 18.—Negotiations between the masters and metal workers are proceeding satisfactorily, giving hope that an accord may be reached within a relatively short time. The most difficult point of discussion is the one dealing with evacuation of the plants by the men. It has been virtually agreed that the men will leave the establishments contented with the payment of wages due them when no settlement has yet been reached as to what increase in wages the men are to receive. They claim seven lire, twenty centimes more daily which is equal at par to \$1.44, while the employers refuse to give them more than four lire, normally 80 cents.

The allowance claimed by the men for the high cost of living encounters no serious difficulty nor does the indemnity to be given to workmen when they are dismissed. Internal discipline is another subject of contention the employers insisting upon their right to engage new men and punish the workers even to the point of dismissing them when necessary.

PRESIDENT WILSON CONTRIBUTES \$500

NEW YORK, Sept. 18.—A \$500 contribution to the Democratic national campaign fund was received here today from President Wilson who wrote that he was offering the money as a "private in the ranks."

The text of the president's note was as follows: "May I not as a private in the ranks give myself the pleasure of contributing to the pleasure of the expenses of the Democratic campaign? I feel very deeply that the very honor and destiny of the nation are involved in this campaign and that I and all citizens who love its honor and covet for it a high influence in the world should contribute to the success of the candidate who stands for the re-establishment of our position among the nations."

The contribution was accepted.

FRENCH GOVERNMENT LIMITS PRICE OF COAL

Washington, Sept. 18.—The French government has limited the price of coal imported from America to \$32 a ton, according to reports from Paris today at the department of commerce. A decision of the ministry of public works, the report said, fixes the maximum prices on coal from America delivered at French Atlantic ports at \$30 a ton for immediate delivery, \$28 a ton for delivery in three months and \$25 a ton for delivery in six months while for coal received at Mediterranean ports these prices may be increased \$2 a ton.

BOLSHEVIKI RESISTANCE IS BEING OVERCOME

Constantinople, Sept. 18.—Resumption of offensive operations in the district of southern Russia where the army of General Baron Wrangel is fighting the Bolshevik forces is announced in communications issued by General Wrangel's officials on September 14 and 15. They report that Bolshevik resistance is being overcome, that several towns have been occupied and that three entire regiments with important material have been captured.

OGLESBY IS STILL LEADING IN RACE FOR GOVERNOR

Two Hundred and Sixty Eight Precincts Missing

ALL OF THESE ARE
IN COOK COUNTY

CHICAGO, Sept. 20.—With returns in from all downstate precincts, but 268 missing in Cook county, Lieutenant Governor John G. Oglesby, supported by Governor Lowden in the race for the Republican nomination for governor tonight held a lead of 2,526 over Len Small, who was backed by Mayor William Hale Thompson of Chicago.

Returns from other Cook county precincts gave an average plurality of 40 to the precinct for Small. Results of the vote in the missing Chicago precincts will not be known until the official count next week and consequently the race must remain in doubt until then.

For the senatorial nomination, Congressman William B. McKinley, Lowden candidate was leading Congressman Frank Smith of the Thompson ticket, by 19,140 with eleven downstate and 268 Cook county precincts missing. The county precincts reported gave Smith an average plurality of 35. Eight of missing downstate precincts are in Adams county. Edward J. Brundage, incumbent, was 4,179 votes ahead of R. J. Barr for the nomination for attorney general with 892 precincts unaccounted for, and Edward E. Miller, Thompson candidate for state treasurer, had a comfortable lead over George E. Keys.

In all other contests for state offices Lowden candidates were in front. William E. Mason and Richard Yates both incumbents were well ahead of their opponents for the nomination for congressmen at large.

With 926 precincts out, Mason had 292,205 votes, Yates 218,293, Stephen A. Day, 181,048 and John J. Brown 170,296.

Lewis 83,000 in Lead.
On the Democratic side, J. Hamilton Lewis, former senator continued to pile up his lead over Baratt O'Hara for the gubernatorial nomination and by nearly \$3,000 with three fifths of the precincts in.

The Democratic senatorial nomination remained in doubt however, Robert Emmett Burke had 58,126 votes and Peter A. Weller 60,700 in 4,366 precincts out of 5,737.

Official tabulations in fifty out of 101 counties were completed today and in nearly every case they reduced the vote of every candidate to one gaining any material advantage in the reduction.

GIVES PERSONNEL OF COMMITTEE

Premier of Italy Will Appoint Six Masters, Six Workers and Two from Technical Staff

TURIN, Sept. 17.—The Stampa, a staunch supporter of Premier Giolitti, explains that the commission which the premier has decided to appoint for the purpose of submitting concrete proposals respecting participation by workmen in the technical, financial and disciplinary management of factories will be composed of six members appointed by the masters, six by the men, including one either side two representatives of the technical staff or the clerks.

This commission will be entrusted to propose necessary measures for settling the existing dispute and to report within eight days relative to observations of international rules of the establishments and the engagement of men, with the understanding that nobody is to be dismissed for his part in the present trouble, but be transferred if necessary.

LEAGUE OF NATIONS WAS ENDORSED

Springfield, Mass., Sept. 18.—The league of nations was endorsed with the recommendation that the United States take up under it the question of the status of Ireland, in the platform adopted by the Democratic state convention here today. Later, by a rising vote, the convention adopted a motion to cable the English government requesting the release of Lord Mayor Mac Swiney, now on hunger strike.

JUDGES FORGOTTEN TO CAST VOTES

Carlinville, Ill., Sept. 18.—Election judges and clerks in one precinct of Macoupin county waited at the polls all day Wednesday for some one to appear and cast a ballot. But they waited in vain. "No votes," was their report. "They had forgotten" to vote themselves. It was Cahokia precinct, No. 4, that maintained this strict neutrality in the primary battle.

ANTHRACITE MINE WORKERS VOTE TO STAY ON VACATION

Want All Employees to be Taken Back by the Operators

OPERATORS TO BE
TESTED MONDAY

HAZELTON, Pa., Sept. 18.—Approximately 10,000 anthracite mine workers have voted to remain on "vacation" in the Schuylkill region until the mine operators have reinstated all pumpmen, firemen and monthly men, who quit in sympathy with the miners, Christ Golden, president of the ninth district organization of the United Mine Workers announced today.

The attitude of the operators will be tested Monday, Golden said when the monthly men will report for work. "In practically all sections of the district," he added, "where the monthly men, mine bosses and clerks went out the locals have voted to remain on vacation until these men are re-employed. The matter is put up entirely to the operators."

TEX M'LAUGHLIN INJURED WHILE DOING AIR STUNTS

Was Struck by Propeller of His Machine 500 Feet in the Air

SAVES SELF BY HOLDING TO ROPE LADDER

SYRACUSE, N. Y., Sept. 18.—Five hundred feet in the air in view of 80,000 visitors at the state fair late this afternoon "Tex" McLaughlin daredevil airman was badly injured when struck by the propeller of the higher airplane to which he had transferred himself in mid-air.

McLaughlin's escape from death was miraculous. He clung to the rope ladder of the machine until it reached the ground, blood dripping over the spectators, as the machine circled in descending, partially out of control. McLaughlin was still conscious when reached, that he had been dragged more than 100 feet from the ground before the machine was brought to a stop. He is in the hospital and will recover.

TAKE STEPS TO STOP POPPY PLANTING

Peking Province in China Will Stop Planting of Poppies for Producing Opium

AMOY, China, Sept. 18.—Organized action is being taken by Amoy to prevent the planting in Peking province of a new crop of poppies for the purpose of producing opium. Educational, religious and business organizations are co-operating. A mass meeting has been held for discussion of the subject and messages telegraphed to the president and the provincial governor urging enforcement of the law.

In a world-wide appeal it is declared that "the south Peking opium prevention society realizing the open and wilful disregard of the law prohibiting the production of opium and knowing that during the past year enough opium was produced for five years and that another crop will supply the demand for fifteen years, appeals to the world press and all welfare organizations now that the planting season for the new crop is at hand to aid in the suppression of the great evil."

MILLERAND WILL NOT ACCEPT POST

So Informs French Cabinet—Was Told He Was the Only Candidate to be Considered

PARIS, Sept. 18.—Premier Millerand informed the cabinet yesterday that he would not accept the post left vacant by the resignation of President Deschanel according to the Temps today.

He later told Raoul Peret, president of the chamber of deputies and Charles C. A. Jonnart extraordinary ambassador to the vatican, that they are the only possible candidates for the post, adding that he suggested that he settle the candidacy between themselves.

They later told the premier by letter that he is the only candidate to be considered.

MUST IMPORT TWO MILLION TONS BREADSTUFFS

Berlin, Sept. 18.—Two million tons of breadstuffs must be imported by Germany, as the 1920 crop will be considerably short of the country's requirement, says an announcement by the president of the imperial grain department. He points out that the prospect so far as cereal stocks is concerned is gloomy. The rye crop has been a disappointment and this year's harvest of breadstuffs is calculated to yield only seven million tons, while land devoted to breadstuff product has diminished more than seven per cent.

HARDINS TALKS OF AMERICANISM AND ITS MEANING

Warns Against Dangers of Hyphenated Citizenship

BELIEVES IN FRATERNITY OF NATIONS

MARION, O., Sept. 18.—Americanism, its meaning to the foreign born citizen and the dangers of a hyphenated citizenship, was the keynote of an address delivered from his front porch today to delegations of foreign born citizens by Senator Harding, the Republican presidential candidate. The delegations, comprising several hundred came from New York, Chicago and cities of the northwest and Cleveland.

While declaring that "It is not possible, and ought not to be expected, that Americans of foreign birth shall stifle love for kinsfolk in the land from which they came," the senator asserted that "are unalterably against any present or future hyphenated Americanism."

Speaks of Foreign Relations
Touching upon foreign relations, the senator declared that "nothing helpful has come from the wilful assumption to direct the affairs of Europe," but that on the contrary, the mistaken policy of interference has broken the drawstrings of good sense and spilled bad council and bad manners all over the world.

"Meddling abroad," he asserted, "tends to make Americans forget that they are Americans and to arouse the old and bitter feelings of race or ancestry in the hearts of those who ought never be enforced to turn their hearts away from undivided loyalty and interest given to 'America first.'"

Warns Against Hyphenism
Warning against hyphenism, Senator Harding asserted that "the time might come when a group or groups of men and women of foreign birth or foreign parentage, organized for the interests of America but organized around a resentment against our government's interference abroad might press, by propaganda and political hyphenism upon our government to serve their own interests rather than the interests of all America."

It is not beyond possibility," he continued, "that the day might come—and may God forbid it—when an organized hyphenated vote in American politics might have the balance of voting power to elect our government. If this were true, America might be delivered out of the hands of her citizenship and her control might be transferred to a foreign capital."

Believes in Fraternity of Nations
Senator Harding said he not only believed in fraternity of citizenship but a fraternity of nations, but that in playing America's role caution should be exercised. He alluded to efforts to have America accept a mandate over Armenia and said "While I want America to do its share, I do not want somebody else, across the sea to tell us what to do or how to do it."

He declared France and England had withdrawn their troops from Armenia in effort to force America to accept a mandate, but asserted that America would do everything for Armenia except involve America 5,000 miles away "and plant the sons of this republic there in the gateway between the Orient and the Occident to involve us in every conflict of the old world."

MANY ACRES OF LAND CLASSIFIED

WASHINGTON, Sept. 18.—Nearly three million acres of land in Wyoming, California and Montana were classified during August by the department of interior under the stock-raising homestead law which make public lands available for entry for stock raising purposes in homesteads of 640 acres or less, the department today announced.

Approximately 740,000 acres in Montana, Colorado and Idaho were classified during the month under laws which provide for entry of non-irrigable tracts in subdivisions of 320 acres or less for dry farming purposes.

Observers and persons who have some special knowledge of such matters declare that there never before were so few flies as has been the case during the summer months. This condition is credited to the "swat the fly" campaign which have been carried on so assiduously for a number of years.

Possibly if the same persistency is shown with reference to carelessness with automobiles there may be like results and a decided lessening in the number of automobile accidents.

AFTER BIG MONEY.

Mayor Thompson in the name of Chicago has brought suits aggregating \$10,000,000 against the Chicago Tribune and News. The mayor alleges that stories printed about the alleged bankruptcy of Chicago have resulted in definite financial damage to the city. This is a new line of litigation and promises some interesting developments. One fortunate thing is that if damages are assessed the newspapers mentioned are both able to pay them.

Individual libel suits are quite common but a libel suit on behalf of a commonwealth is something different.

A BUSINESS GOVERNMENT.

In another of his patriotically constructive speeches, Senator Harding, the Republican candidate for the presidency declares that he is pledged to give America a business government that should lead away from the economic precipice to which this nation had been brought by eight years of Democratic bungling. It was the fourth of the constructive campaign speeches made by the Republican candidate. In it he gave his plans for administrative and legislative reconstruction that should bring prosperity without profiteers.

Senator Harding charged that the Wilson administration had sought through "duplicitous and misrepresentation" to bring about surrender by the United States of the Monroe Doctrine in becoming a member of the league of nations.

THE APPEAL OF LAND INVESTMENTS.

A new record was set in land sales for Morgan county Saturday when a tract of more than 200 acres was sold at \$467 an acre. This sale has more than the mere news interest, for it means that farm land in this county has come into its own.

In McLean county and some others in this state, together with a number of counties in Iowa, land of similar quality has been sold at prices around the \$500 mark. There is no good reason why the best land here should not bring as high prices as the best land in the other localities mentioned.

True, there is something a little hard to explain about land values when they reach such figures. With interest charges, taxes and repairs running to \$30 an acre it is very certain that land must be kept in a high state of production to make an adequate return on such valuations. Nevertheless

high class land is the stablest security there is, and will no doubt continue to sell on high levels even if the changing market conditions mean a low interest rate. There is something mighty satisfactory about the ownership of a good piece of land and the safety of such an investment has its continued appeal.

A TAX REVISION PLAN.

The Dry Goods Economist suggests that those who favor replacing the excess profits taxes in their entirety and the income taxes in part by a federal tax not exceeding one per cent on all sales will note with interest the formation of a body designed to popularize the idea with a view to bringing about amendment of the war-time system of taxation by which the country is burdened.

This organization is known as the Business Men's National Tax committee, and in a paper prepared for the annual meeting of the National Tax association, Meyer D. Rothschild, the committee's chairman, has set forth the conclusions reached after exhaustive research and study of the whole situation.

With the inequities of the excess profits tax Economist readers are as a rule pretty familiar. They are aware, some of them by experience, of the fact pointed out by Mr. Rothschild, that of two corporations doing the same amount of business and making the same percentage of profit, but the one conservatively capitalized and the other heavily capitalized with watered stock, the latter gets off with a smaller excess profits tax than the former. They realize, too, that the large share of profits, claimed by the government provides great temptation for wasteful expenditures in various directions on the ground that the government is standing the greater portion of the outlay.

Also well worth considering is the shrinkage in profits that is developing and bids fair to spread and as a result of which the amount paid to the government as excess profits taxes is likely to diminish and thus seriously affect the revenue.

A report shows that more than 75 per cent of the persons, in the U. S. addicted to the use of drugs are under 20 years of age. These figures prove that the eradication of the drug habit should be

a comparatively easy matter in the course of a few years' time with the aid of proper legislation and the right kind of training for the young.

The report gives point too that the present day interest in boys and girls' work, influencing young lives along the right lines, will have its marked effect upon this drug problem, along with others.

Officials of the Alton railroad have accepted the invitation from a club of Jacksonville business men to come here next Friday. There is a fine thought behind the invitation—the desire to build up more cordial relationships between the city and the railroads entering it. Friendly relations of this kind can do much for city betterment. A better understanding will result and railroads have it in their power to do many helpful things.

Friendships for cities are valuable just in the same way as friendships for individuals. Other conferences of the same kind should be planned and they will be helpful in bringing about that booster spirit that Alderman Chapin said recently is the foundation of the development of the west.

One of the most serious charges against candidates is the promiscuous use of their advertising matter on telegraph and telephone poles throughout the country. Automobile tourists say that candidates from all parties are offenders and that they object because in many instances the placards have been placed over trail markings and confusion has resulted.

Only a few years ago a candidate who canvassed in the automobile was taboo from the voter's standpoint. The next order will be to punish with political oblivion a candidate whose placards inconvenience the auto tourist.

Indianapolis, Ind., Sept. 18.—Steps toward unification and perpetuating of the work of the Grand Army of the Republic and its allied organizations were taken today when the federated patriotic societies of the Grand Army of the Republic was organized at a meeting of representatives of the allied organizations here today. Mrs. Elizabeth Brown-Daggar, of Terboro, Mass., past national president of the Women's Relief Corps was elected president of the federation.

Rippling Rhymes By Walt Mason

THE BIG SIGN.

They've put a monstrous wooden sign, where it obstructs my view; I cannot see the sunlight shine upon the waters blue. The sign appeals to passing rubes, and asks them for their trade; it says, "Eat Bulger's Tires and Tubes—the Kind that Mother Made. Before I lay aside the lyres whose strings I madly scratch, I'll pose I'll buy a thousand tires, with inner tubes to match. But take this statement from my hand, and paste it on your chest: In tires that bear the Bulger brand I never will invest. For Bulger's sign offends my eye and makes my spirit sore, shuts out a section of the sky, degrades the blue sea's shore, I show that signboard to my friends, and they get mad with me, and say, "Our trade with Bulger ends, when crimes like this we see." Old Bulger's tires may be as fine as any casings made; but when he raised that beastly sign, he lost, for keeps, my trade. I'll toil along on weary limbs, or drive two claybank mares, or run my car upon its rims, before I'll buy his wares.

MR. SMALL CONFIDENT HE IS ELECTED
County Clerk G. L. Riggs on request of Len Small wired the official returns of the election here to Chicago. Acknowledging the receipt of the telegram, Mr. Small sent this message:

"My majority in Chicago exceeds one hundred thousand, consequently I have won the Republican nomination for governor by over thirty thousand. The false reports to the contrary being circulated for the purpose of encouraging the stealing of votes from me and the falsifying of returns."

Since all the precincts yet to hear from are in Cook county and Mr. Oglesby has only a small lead, it now seems very probable that Mr. Small is the party nominee.

BITTEN BY DOG
In Chicago yesterday John H. Laurie and his son John took treatment at the Pasteur Institute. Friday both were bitten by a small dog, the boy on the bridge of the nose and the father in a number of places. The animal gave indications of having the rabies and after consulting local physicians Laurie and his son went to the Chicago Institute.

"CARMEN" COMING NEXT FRIDAY

Quiet and unassuming, yet possessed of a most active brain, teeming with ideas and a penchant for reviving and producing the best of the well known operas, is Ralph Dunbar of Chicago. Dunbar has arrived. He is to the operatic world what David Belasco is to the drama. This season Dunbar has out companies of strictly American singers in really magnificent productions of "Robin Hood," "The Mikado" and "Carmen." His Carmen is coming to the Grand Theatre Sept. 24 and Dunbar will be here in person to see that the attraction is properly presented. That's the Dunbar way. He designs all the scenery and costumes for his productions, selects both principals and chorus and conducts all rehearsals. The day is never too long for him and he never tires. Ralph Dunbar is still a young man, just merging into the forties. He is a product of Wichita, Kansas. In his boyhood days the Dunbar family removed to St. Joseph, Mo., and there Dunbar, developing a taste for music, became a wonderful prodigy on the cello. While a student in high school he was made musical director of all the city schools. He knows music.

Deaths

Pine.

Mrs. Ardella Pine, wife of John M. Pine of Bluffs, died at Passavant hospital on Saturday. Mrs. Pine was the daughter of Mr. and Mrs. J. E. Likes of Bluffs and was born September 17, 1887 in Adams county. Her parents moved to Chapin while she was quite young, and her school days and young womanhood were spent in Chapin. Her father, who is a merchant, then moved to Bluffs, since then she has resided in Bluffs and Springfield. She was united in marriage to Mr. Pine on January 2, 1919 in Kansas City, Mo. They have made Bluffs their home since that time.

Mrs. Pine leaves to mourn her death, her husband, parents, one baby girl, born on Sept. 11, and two brothers, Ernest and Roy, both of Bluffs. Every one who knew her admired and loved her. Her fine character and kindly disposition endearing her to all.

The body was taken to Williamson's Undertaking Rooms and prepared for burial and will remain there until the funeral services at two o'clock Monday afternoon. Funeral services will be held at Grace Methodist church and burial will be in Diamond Grove cemetery.

Observers and persons who have some special knowledge of such matters declare that there never before were so few flies as has been the case during the summer months. This condition is credited to the "swat the fly" campaign, which have been carried on so assiduously for a number of years.

Possibly if the same persistency is shown with reference to carelessness with automobiles there may be like results and a decided lessening in the number of automobile accidents.

AFTER BIG MONEY.

Mayor Thompson in the name of Chicago has brought suits aggregating \$10,000,000 against the Chicago Tribune and News. The mayor alleges that stories printed about the alleged bankruptcy of Chicago have resulted in definite financial damage to the city. This is a new line of litigation and promises some interesting developments. One fortunate thing is that if damages are assessed the newspapers mentioned are both able to pay them.

Individual libel suits are quite common but a libel suit on behalf of a commonwealth is something different.

A BUSINESS GOVERNMENT.

In another of his patriotically constructive speeches, Senator Harding, the Republican candidate for the presidency declares that he is pledged to give America a business government that should lead away from the economic precipice to which this nation had been brought by eight years of Democratic bungling. It was the fourth of the constructive campaign speeches made by the Republican candidate. In it he gave his plans for administrative and legislative reconstruction that should bring prosperity without profiteers.

Senator Harding charged that the Wilson administration had sought through "duplicitous and misrepresenting" to bring about surrender by the United States of the Monroe Doctrine in becoming a member of the league of nations.

THE APPEAL OF LAND INVESTMENTS.

A new record was set in land sales for Morgan county Saturday when a tract of more than 200 acres was sold at \$467 an acre. This sale has more than the mere news interest, for it means that farm land in this county has come into its own.

In McLean county and some others in this state, together with a number of counties in Iowa, land of similar quality has been sold at prices around the \$500 mark. There is no good reason why the best land here should not bring as high prices as the best land in the other localities mentioned.

True, there is something a little hard to explain about land values when they reach such figures. With interest charges, taxes and repairs running to \$30 an acre it is very certain that land must be kept in a high state of production to make an adequate return on such valuations. Nevertheless

high class land is the stablest security there is, and will no doubt continue to sell on high levels even if the changing market conditions mean a few interest rate. There is something mighty satisfactory about the ownership of a good piece of land and the safety of such an investment has its continued appeal.

A TAX REVISION PLAN.

The Dry Goods Economist suggests that those who favor replacing the excess profits taxes in their entirety and the income taxes in part by a federal tax of not exceeding one per cent on all sales will note with interest the formation of a body designed to popularize the idea with a view to bringing about amendment of the war-time system of taxation by which the country is burdened.

This organization is known as the Business Men's National Tax committee, and in a paper prepared for the annual meeting of the National Tax association, Meyer D. Rothschild, the committee's chairman, has set forth the conclusions reached after exhaustive research and study of the whole situation.

With the inequities of the excess profits tax Economist readers are as a rule pretty familiar. They are aware, some of them by experience, of the fact pointed out by Mr. Rothschild, that of two corporations doing the same amount of business and making the same percentage of profit, but the one conservatively capitalized and the other heavily capitalized with watered stock, the latter gets off with a smaller excess profits tax than the former. They realize, too, that the large share of profits claimed by the government provides great temptation for wasteful expenditures in various directions on the ground that the government is standing the greater portion of the outlay.

Also well worth considering is the shrinkage in profits that is developing and bids fair to spread and as a result of which the amount paid to the government as excess profits taxes is likely to diminish and thus seriously affect the revenue.

A report shows that more than 75 per cent of the persons in the U. S. addicted to the use of drugs are under 20 years of age. These figures prove that the eradication of the drug habit should be

a comparatively easy matter in the course of a few years' time with the aid of proper legislation and the right kind of training for the young.

The report gives point too that the present day interest in boys and girls' work, influencing young lives along the right lines, will have its marked effect upon this drug problem, along with others.

Farm Home

--AT--

Public Auction

After more than 50 years' residence in
the Ebenezer neighborhood I am going
to retire from my farm and become a
resident of Jacksonville

Accordingly I will offer my farm and all personal
property at public sale

Monday, Sept. 27, at 12:00 noon

at the farm six miles northwest of Jacksonville, 2 1/2
miles northeast of Joy Prairie station.

This is an excellent stock and grain farm with ade-
quate improvements including commodious two-story
dwelling, large barn, silo, windmill, scales and
ample sheds.

The land will be sold to the highest bidder and

I Will Accept a Payment of \$10,000

and carry the balance in mortgage form.

Visit this farm, look over every acre and the build-
ings, then attend the sale Monday, Sept. 27. After
the sale of the land all the personal property, in-

SHOULD BE INCREASE IN SCHOOL BUDGET

Report Made By Russell Sage
Foundation — Teachers'
Salaries Increase Forty Five
Per Cent in Five Years.

New York Sept. 17.—School
budgets in American cities
should be twice as large as be-
fore the war according to an
analysis of public school statis-
tics just given out by the Russell
Sage Foundation. The report
maintains that teachers' salaries
should now be doubled the pre-
war figures in order to obtain the
same quality of educational
service. The cost of school build-
ings is declared to have trebled
in the last five years.

These findings are made pub-
lic in a volume entitled "Trends
of School Costs." The author is
Dr. W. Randolph Burgess, as-
sistant director of the depart-
ment of education of the Russell
Sage Foundation. The study is
an application to the field of edu-
cation of the method of the in-
dex number. The volume is a
companion to "The Index Num-
ber for State School Systems" by
Dr. Leonard P. Ayers, which
made a comparison of the effi-
ciency of the school systems of
different states.

Dr. Burgess compares the sal-
aries paid to teachers with those
paid to laborers and artisans for
80 years and finds that the
wages paid to young women
teachers in country schools have
increased from \$2.50 a week in
1841 to \$17.50 now, an increase
of 600 per cent. Salaries of wo-
men teachers in cities show a
similar increase from about
\$4.50 to \$35.50 a week. Men
teachers received much smaller
relative increases.

Up to 1915 teachers received
percentage increases in salary
nearly twice as great as artisans
and laborers, Dr. Burgess finds,
but in spite of the increases the
average pay of teachers has
never risen as high as wages paid
to such artisans as blacksmiths,
carpenters and painters.

"During the five years since
1915 the salaries of teachers
have increased on the average of
45 per cent as compared with a
100 per cent increase in the
wages of laborers and artisans,"
says a summary of the report.
"This lag in teachers' salaries
behind the general rise in prices
has wiped out all the gain that
was made since the time of the
Civil War. A comparison of
teachers' salaries and the cost of
the necessities of life each year
for the past 80 years makes it
clear that in the past two years
the purchasing power of the
teacher's salary has been less
than at any other time since the
Civil War. The report main-
tains that the only way to retain
efficient teachers in service and
at the same time attract able
men and women to teaching is to
bring salaries to a level cor-
responding to the level of wages
in other occupations, and the
level of the cost of living. This
is taken to mean bringing sal-
aries to a point just double the
pre-war figures."

Estimating the probable levels
of school expenditures during
the coming years, the conclu-
sion is drawn by Dr. Burgess
that to buy the same amount of
educational service in 1920 and
1921 as in 1915 it will be nec-
essary to double the school budget.
In the light of price and wage
fluctuations in the past and par-
ticularly at the time of the
Civil War, it is predicted that
no large decreases in prices or
wages are to be anticipated im-
mediately, but that expenditures
on the enlarged scale will be nec-
essary for a number of years.

Considering ways to meet the
desired increase in school ex-
penses, Dr. Burgess says he be-
lieves the tax rate on property
and particularly on land can be
further increased without dis-
aster. The wide range of tax
rates in different large cities is
cited to indicate that there is
no economic limit which has
been reached in many cities.

Accordingly I will offer my farm and all personal
property at public sale

Monday, Sept. 27, at 12:00 noon

at the farm six miles northwest of Jacksonville, 2 1/2
miles northeast of Joy Prairie station.

This is an excellent stock and grain farm with ade-
quate improvements including commodious two-story
dwelling, large barn, silo, windmill, scales and
ample sheds.

The land will be sold to the highest bidder and

I Will Accept a Payment of \$10,000

and carry the balance in mortgage form.

Visit this farm, look over every acre and the build-
ings, then attend the sale Monday, Sept. 27. After
the sale of the land all the personal property, in-
cluding livestock and implements, will be offered.

Grand Opera House, Jacksonville

One Night Only, Friday, Sept. 24

Keenly appreciative of the genuine interest manifested in, and patronage accorded to such attractions as those which Mr. Ralph Dunbar, the eminent American producer has sent on tour, the management announces a continuation of financial co-operation with Mr. Dunbar under a liberal guaranty for the presentation here of his music-dramas and operatic spectacles. The assumption of such a guaranty is due to the confident assurance that local lovers of the great music-dramas will continue to accord these remarkable presentations the hearty welcome they so well merit.

Accordingly we have the honor to offer Ralph Dunbar's magnificent Americanized production of Bizet's wonderful opera

CARMEN

in English

Four gorgeous stage pictures, Urbanic reproductions of the vistas of Seville and Grenada of a century ago, the most costly and elaborate scenic equipment ever presented on tour, and illuminated with startling beauty and brilliance.

A grand orchestra including sixteen soloists from great American symphony orchestras.

A military band on the stage in the stirring climatic pageant in the last act.

An ensemble of American young ladies and gentlemen who sing and maintain the artistic standards Mr. Dunbar has long maintained.

The following corps of American operatic stars, who interpret the opera understandingly (in English, of course).

Don Jose..... Joseph Callini (Lieutenant of Dragoons)	or James Arnold	Micaela..... Marion Miller (A Village Maiden)
Escamillo..... James Stevens (Torador)		Frasquita..... Clara Neilson (Mercedes)
Zuniga..... Lester Spring (Captain of Dragoons)		Mercedes..... Adele Felsom (Companions of Carmen)
Morales..... Norman Wallace (Officer)		El Dancaïro..... George Shields (Smugglers)
Lilas Pastia..... Thomas Drew (Iron-keeper)		El Remendado..... Sol Salomon
Carmen..... Lorna Doone Jackson (A Gypsy Girl)	or Viola Robertson	Soldiers, cigar factory girls, gypsies, smugglers, apaches, matadors, townspeople.

"THE LAST WORD IN MUSIC-DRAMA"

With a production of such proportions as "Carmen" every seat in the theater is a good one, and patrons are assured of one of the finest events they have ever enjoyed and at a price less than one half that exacted in New York or Chicago for "Carmen."

Kindly note that seats may be secured now in advance of the regular sale, by subscription as will be explained on application, or by mail order, accompanied by check.

No other reservations by phone for this engagement.

THE APEX

The APEX Washer will save you the three R's of washday—no more Rubbing, Ringing or Rinsing by hand. After your clothes come spotlessly clean from the APEX oscillating tub, the swinging wringer does the rest. It wrings them into the rinse water, then into the blueing, then out ready for the line. This is the modern way of washing everything from the gauziest fabrics to the heaviest blankets—so quick, so easy and so saving of your strength and clothes.

If you do not have electricity in your home, we can wire your house completely or sufficiently to run the washing machine; the cost would be inconsequential.

GEORGE SISLER REGAINS LEAD IN AMERICAN LEAGUE

Breaks Tie With Speaker—Ruth in Fourth Place—Other Averages

CHICAGO, Sept. 18.—George Sisler, the St. Louis star, broke the tie which he shared last week with Tris Speaker, the Cleveland Indians' manager, and is topping the American League batters with an average of .392, according to averages released today and which include games of Wednesday. Speaker is seven points behind with an average of .382, while Joe Jackson, the slugging outfielder of the Chicago White Sox, stands third with a mark of .378.

"Babe" Ruth of the New York Yankees, the home run marvel who is hitting in fourth place with an average of .372, cracked out three home runs since Wednesday a week ago and brought his string of circuit drives to 49, one less than the mark he set out to reach when

the season started. He also carried his total base record to 347 and is far in front in the number of runs scored, having registered 147 times. Rice of Washington safely leads the base stealers with 51 thefts to his credit.

Other leading batters for 75 or more games:

E. Collins, Chicago, .365; Meusel, New York, .339; Judge, Washington, .339; Jacobson, St. Louis, .337; Rice, Washington, .335; Weaver, Chicago, .332; Felsch, Chicago, .331; Tobin, St. Louis, .331; Hendryx, Boston, .331.

Nicholson of Pittsburgh struck a slight slump in his batting during the past week while Roger Hornsby of St. Louis got into a hitting stride. The former dropped a few points but continued to head the National League batters with an average of .371, while Hornsby by gaining a few points brought his average up to .360. The rest of the leaders remained practically unchanged. Hornsby hoisted his total base record up to 277, while Baneroff, New York, increased his string of runs scored to 91. Williams of Philadelphia failed to add to his home run total of 14, and Carey of Pittsburgh failed to add to his stolen base record. He has stolen 43 bases. Other leading batters: Young, New York, .343; Roush, Cincinnati, .342; J. Smith, St. Louis, .329; Z. Wheat, Brooklyn, .323; King, New York, .319; Hollocher, Chicago, .318; Stock, St. Louis, .316; Williams, Philadelphia, .312; Konetchy, Brooklyn, .312.

Carroll of Memphis who leads the Southern Association in stolen bases with 52 thefts, has displaced E. Miller of Little Rock as runner up to Harper, of Little Rock. He is batting .330. Harper is hitting .348. E. Miller dropped to .321, being headed by McLarry of Memphis and Ellis of Birmingham, who are tied for third place with .324. E. Miller, however, leads in total bases with 300, having cracked out another home run which brought his total to 19 circuit drives. Carroll has passed the century mark in runs scored. He has registered 103 times.

Other leading batters: Bernius, Birmingham, .320; Burke, Nashville, .316; Barnhart, Birmingham, .315; Griffith, Birmingham, .306; Gilbert, New Orleans, .300.

Defeat Yankees 15 to 9 Before One of the Largest Crowds That Ever Entered Comiskey Park—Chicago Now in Second Place.

CHICAGO, Sept. 18.—Chicago moved into second place in the American League pennant race today by defeating New York in the third straight game 15 to 9. The Yankees dropped into third place. The game was witnessed by the biggest crowd that ever jammed Comiskey Park, the attendance being estimated at between 10,000 and 13,000. The Sox made twenty one hits off Yankee pitchers while Cicotte pitching for the first time in ten days held New York safe at all times.

"Babe" Ruth got one hit in five times at bat.

PARIS CLEANERS PLAY INDEES TODAY

Fast Springfield Aggregation Here This Afternoon—Game Promises to be Hard Fought and Full of Pep.

The Paris Cleaners come to Jacksonville today for a game with the Indies. This team is one of the fastest aggregations playing out of Springfield and the contest this afternoon promises to be filled with action.

Twice this season the Cleaners have journeyed to Jacksonville and both times they took the Indies measure and returned with a victory. The Indies will endeavor to make it a different story this afternoon. They are hoping that "Daddy" Dove who hung both defeats on them is on the mound as they want another crack at him. Harry Clark will be back of the log this afternoon. There is no question about Clark being one of the classiest catchers in this part of the country and fans will be glad to see him in action again.

Ira Fanning, who has been playing in North Dakota is back to enter Illinois college. He will be in the Indies lineup. Ira has been pitching all summer and playing the infield and outfield in between. He will be ready to do either this afternoon and will add great strength to the Indies with his stick work.

The teams will line up as follows:

Paris Cleaners—Fernandes, 2b; Christensen, cf; Vaughn, lf; Dunham, 3b; Juell, 1b; Maurer, rf; Watling, ss; Kroeschner, c; Dove or Elliott, p.

Indies—Denny, 3b; Wheeler, 1b; Fanning, p; cf; Clark, c; DePrates, ss; Christopher, 2b; Wright, p; Riggs, lf; Hamm, p-rf.

BROOKLYN'S LEAD CUT TO FIVE GAMES

New York, Sept. 18.—Brooklyn's lead in the National today when Cincinnati won the last game of the series from the Superbas and New York defeated Pittsburgh.

The Cleveland Americans made it three straight from Washington today and are one and a half ahead of Chicago, which ousted New York from second place by taking the third straight game from the Yankees.

Cleveland has a distinct advantage in the American race for if the Indians break even in their fourteen remaining games, in order to tie them, Chicago would have to win seven out of 11, and New York seven out of ten.

WINS DECISION AS WELL AS BROKEN JAW

Bakersfield, Calif., Sept. 18.—Kid Mexico, of Taft, Calif., lightweight boxer was nursing a broken jaw here today but at the same time was boasting of referee's decision over Joe Rivers, one time contender for the lightweight championship. Both broken jaw and decision were obtained last night; the former in the second round and the latter at the end of four rounds of fighting. Except in the second Mexico led Rivers on points, even after his jaw had been broken.

CHICAGO WINS FINAL GAME FROM PHILLIES

Martin Relieved Tyler in the Seventh and Came to Bat in the Eighth With Two on Bases and Hit the Ball Into the Bleachers for a Home Run.

Philadelphia, Sept. 18.—The Chicago Cubs won their final game of the season with the Phillies today, 9 to 7. Martin provided the winning margin for the Chicago team when after taking Tyler's place on the rubber in the seventh inning, he went to bat in the eighth inning with two out and two bases and hit the ball pitched into the left field bleachers for a home run.

CONFIDENT CLEVELAND WILL LAND PENNANT

Cleveland, Sept. 18.—James C. Dunn, president of the Cleveland American League club is just as confident as he was a month ago when Cleveland was leading the league by 4 1/2 games that the Indians will win the pennant.

"I'm not worried about my boys. They have recovered from the disaster that hit them and I expect them to come thru nicely."

"I have the utmost confidence in Tris Speaker and the other members of the team. Give us the pitching we have had in the last few weeks and we are going to be a hard team to beat."

FOOTBALL PRACTICE TO START AT ILLINOIS

Coach Harmon Has Sent Out Call for Men to Report Monday Afternoon—Has Received Word from Number of Old Men.

Football practice will start at Illinois college Monday afternoon. Coach Harmon some time ago sent out letters to all men who were in the squad last year who did not finish school to be on hand Monday.

Letters have been received from a number and it is thought that the following men will be on hand Monday: Fanning, Ifner, Gunn, Fiedling, Andrew, Barnes, Riess, Mellon, Cully, Davis, Ferreira, Burris, William Scott, Farrell, Jones.

There is a possibility that Jones and Locke may not return this year. However, Davis is coming and it is thought, arrangements have been made for Jones to enter school. Coach Harmon believes that is Davis and Jones come that Locke also will be found among those present. Harmon is hoping for Locke's return for he should develop into a whale of a player this year.

Three dozen suits have been received and are ready for distribution. Last year the early practice was greatly handicapped by lack of suits. This year the men will start off right and it should result in great benefit.

Coach Harmon so far has been unable to get a game for October 2. McKendree had been scheduled for that date but cancelled. This leaves the Blue and White without a game until the one with Lombard on October 9. In the meantime Lombard will play two games, the Illinois game making her third contest. However, the games may be detrimental instead of beneficial to Lombard. Last year Illinois had Barnes, Mackey and Strickler all knocked out in the opening game with Lombard and they were out for several weeks.

GIANTS DEFEAT PITTSBURGH

New York, Sept. 18.—New York made it three out of four from Pittsburgh today by taking the final game of the series 3 to 7 in a hard hitting game. Each team used two pitchers. With the exception of the winning run all of the Giants' runs came after two were out.

Score: R. H. E.
Pittsburgh 040 000 030-7 10 3
New York 202 100 218-8 11 4

Batteries: Ponder, Ziff, Carlson and Schmidt; Sallee, Douglass, Ryan and Smith.

ST. LOUIS SPLIT EVEN

Boston, Sept. 18.—St. Louis and Boston closed their inter-club games today by breaking even in a double header. The visitors won the first game 7 to 6 in the 13th inning on a double by Stock, which scored Fournier. Schupp who started the first game also opened the second but was hit hard, Boston winning 5 to 3.

BEARDSTOWN WILL STAGE BIG BOUT

Pete Herman, World's Bantam Champion to Box Jimmy Kelly—Bout to Take Place Tuesday Evening, Sept. 21.

Tuesday evening, September 21, the Beardstown Athletic club will stage one of the classic boxing exhibitions ever seen in this section of the state.

The contestants are Pete Herman of New Orleans, world's bantam weight champion, and Jimmy Kelly of Chicago. The men will go ten rounds to a decision with Ed Smith, sporting editor of the Chicago American, as referee.

Herman has been training in Chicago and expects to go to Beardstown Monday. Kelly also will be on the ground Monday so that fans are assured that the men advertised will appear.

Herman is one of the few real champions. He has been at the top of the batum heap now for some years. During that time he has fought all of the best men in the business and has proven himself a real "honest to goodness" fighter.

In addition to the main bout there are several good preliminaries on the card. Kid Rayburn of Beardstown will travel six rounds with DeWitt of Taylorville. The men are middleweights. Rayburn has been going good recently and the match should be a fast one with lots of action.

Young Sam Langford and Battling Jeanette of this city will go six rounds and young Rayburn and Clyde Towns, both of Beardstown will have four rounds to open the show. A battle royal between five or six boys of Jacksonville is also down on the bill.

Manager George W. Roumas deserves great credit for having the courage to put on such a high class bout. He should have the support of every boxing fan in this part of the state as it takes money to get boxers of the caliber of Herman and Kelly.

Don't forget the date, Tuesday, September 21. If the roads are good the trip can be made by automobile. Tickets may be secured at Sharpe's cigar store.

GEORGE SISLER REGAINS LEAD IN AMERICAN LEAGUE

Breaks Tie With Speaker—Ruth in Fourth Place—Other Averages

CHICAGO, Sept. 18.—George Sisler, the St. Louis star, broke the tie which he shared last week with Tris Speaker, the Cleveland Indians' manager, and is topping the American League batting averages released today, and which include games of Wednesday. Speaker is seven points behind with an average of .332, while Joe Jackson, the slugging outfielder of the Chicago White Sox, stands third with a mark of .378.

"Babe" Ruth of the New York Yankees, the home run marvel who is hitting in fourth place with an average of .372, cracked out three home runs since Wednesday a week ago and brought his string of circuit drives to 49, one less than the mark he set out to reach when

the season started. He also carried his total base record to 317 and is far in front in the number of runs scored, having registered 147 times. Rice of Washington safely leads the base stealers with 51 thefts to his credit.

Other leading batters for 75 or more games:
E. Collins, Chicago, .365;
Meusel, New York, .339; Judge, Washington, .339; Jacobson, St. Louis, .337; Rice, Washington, .335; Weaver, Chicago, .332; Felsch, Chicago, .331; Tobin, St. Louis, .331; Hendryx, Boston, .331.

Nicholson of Pittsburgh struck a slight slump in his batting during the past week while Roger Hornsby of St. Louis got into a hitting straddle. The former dropped a few points but continued to head the National League batters with an average of .371, while Hornsby by gaining a few points brought his average up to .360. The rest of the leaders remained practically unchanged. Hornsby hoisted his total base record up to 277, while Baneroff, New York, increased his string of runs scored to 91. Williams of Philadelphia failed to add to his home run total of 14, and Carey of Pittsburgh failed to add to his stolen base record. He has stolen 43 bases.

Other leading batters: Young, New York, .343; Roush, Cincinnati, .342; J. Smith, St. Louis, .329; Z. Wheat, Brooklyn, .323; King, New York, .319; Hollocher, Chicago, .318; Stock, St. Louis, .316; Williams, Philadelphia, .312; Konechy, Brooklyn, .312.

Carroll of Memphis who leads the Southern Association in stolen bases with 52 thefts, has displaced E. Miller of Little Rock as runner up to Harper, of Little Rock. He is batting .330. Harper is hitting .348. E. Miller dropped to .321, being headed by McFarley of Memphis and Ellis of Birmingham, who are tied for third place with .324. E. Miller, however, leads in total bases with 300, having cracked out another home run which brought his total to 19 circuit drives. Carroll has passed the century mark in runs scored. He has registered 103 times.

Other leading batters: Bernsen, Birmingham, .320; Burke, Nashville, .316; Barnhart, Birmingham, .315; Griffith, Birmingham, .306; Gilbert, New Orleans, .300.

MAN O WAR WINS POTOMAC CHAMPIONSHIP
Havre De Grace, Sept. 18.—Man o War, champion three year old race horse won the Potomac handicap here today, breaking the track record by running the mile and one sixteenth in one minute, 44 4-5 seconds. The old record was 1:45. The race carried a purse of \$10,000. Man o War won easily by two lengths. Wild Air was second and Blazes third. Paul Jones also ran.

WHITE SOX HAMMER NEW YORK PITCHERS

Defeat Yankees 15 to 9 Before One of the Largest Crowds That Ever Entered Comiskey Park—Chicago Now in Second Place.

CHICAGO, Sept. 18.—Chicago moved into second place in the American League pennant race today by defeating New York in the third straight game 15 to 9. The Yankees dropped into third place. The game was witnessed by the biggest crowd that ever jammed Comiskey Park, the attendance being estimated at between 40,000 and 43,000. The Sox made twenty-one hits off Yankee pitchers while Cioetto pitching for the first time in ten days held New York safe at all times.

"Babe" Ruth got one hit in five times at bat. The score:

PARIS CLEANERS PLAY INDEES TODAY

Fast Springfield Aggregation Here This Afternoon—Game Promises to be Hard Fought and Full of Pep.

The Paris Cleaners come to Jacksonville again today for a game with the Indies. This team is one of the fastest aggregations playing out of Springfield and the contest this afternoon promises to be filled with action. Twice this season the Cleaners have journeyed to Jacksonville and both times they took the indees measure and returned with a victory. The Indies will endeavor to make it a different story this afternoon. They are hoping that "Daddy" Dove who hung both defeats on them is on the mound as they want another crack at him. Harry Clark will be back of the log this afternoon. There is no question about Clark being one of the classiest catchers in this part of the country and fans will be glad to see him in action again. Ira Fanning, who has been playing in North Dakota is back to enter Illinois college. He will be in the Indies lineup. Ira has been pitching all summer and playing the infield and outfield and both times they took the indees measure and returned with a victory. BROOKLYN'S LEAD CUT TO FIVE GAMES
New York, Sept. 18.—Brooklyn's lead in the National today when Cincinnati won the last game of the series from the Superbas and New York defeated Pittsburgh.

The Cleveland Americans made it three straight from Washington today and are one and a half ahead of Chicago, which ousted New York from second place by taking the third straight game from the Yankees.

Cleveland has a distinct advantage in the American race for if the Indians break even in their fourteen remaining games, in order to tie them, Chicago would have to win seven out of 11, and New York seven out of ten.

Except in the second Mexico led Rivers on points, even after his jaw had been broken.

CHICAGO WINS FINAL GAME FROM PHILLIES

Martin Relieved Tyler in the Seventh and Came to Bat in the Eighth With Two on Bases and Hit the Ball Into the Bleachers for a Home Run.

Philadelphia, Sept. 18.—The Chicago Cubs won their final game of the season with the Phillies today, 9 to 7. Martin provided the winning margin for the Chicago team when after taking Tyler's place on the rubber in the seventh inning, he went to bat in the eighth inning with two out and two bases and hit the ball pitched into the left field bleachers for a home run.

GIANTS DEFEAT PITTSBURGH
New York, Sept. 18.—New York made it three out of four from Pittsburgh today by taking the final game of the series 8 to 7 in a hard hitting game. Each team used two pitchers. With the exception of the winning run all of the Giants' runs came after two were out.

Score:
Pittsburgh . 040 000 030-7 10 3
New York . 202 100 215-8 11 4
Batteries: Ponder-Zinn, Carlson and Schmidt; Sallee, Douglass, Ryan and Smith.

ST. LOUIS SPLIT EVEN
Boston, Sept. 18.—St. Louis and Boston closed their inter-club games today by breaking even in a double header. The visitors won the first game 7 to 6 in the 13th inning on a double by Stock, which scored Foster. Schupp who started the first game also opened the second but was hit hard, Boston winning 5 to 3.

Score:
First Game:
St. Louis: . 000 122 010 000 1-7 22 4
Boston: . 211 000 020 000 0-6 12 1
Batteries: Schupp, Goodwin, Sherdel and Philoer; Oeschger, Townsend and Gowdy, O'Neil.
Second game:
St. Louis . 000 000 120-3 11 1
Boston . . 100 220 00*-5 12 1
Batteries: Schupp, North Lyons, Kircher and Clemons, Griesenbeck; Fillingim and O'Neil.

REDS DEFEAT BROOKLYN
Brooklyn, Sept. 18.—Cincinnati stopped the onrush of Brooklyn toward the National League pennant today by winning the final game of the season between the two clubs by a score of 11 to 5, but before the 1919 champions were retired in the ninth five Brooklyn pitchers, all of them first string men had been used.

Score:
Cincinnati . 000 203 213-11 19 2
Brooklyn . 000 005 009-5 9 4
Batteries: Ring, Napier and Rariden; Marquard, Mameaux, Smith, Grimes, Mitchell and Miller.

CONFIDENT CLEVELAND WILL LAND PENNANT
Cleveland, Sept. 18.—James C. Dunn, president of the Cleveland American League club is just as confident as he was a month ago when Cleveland was leading the league by 4 1/2 games that the Indians will win the pennant. "I'm not worried about my boys. They have recovered from the disaster that hit them and I expect them to come thru nicely," Mr. Dunn said.

"I have the utmost confidence in Tris Speaker and the other members of the team. Give us the pitching we have had in the last few weeks and we are going to be a hard team to beat."

COACH HARMON

FOOTBALL PRACTICE TO START AT ILLINOIS

Coach Harmon Has Sent Out Call for Men to Report Monday Afternoon—Has Received Word from Number of Old Men.

Football practice will start at Illinois college Monday afternoon. Coach Harmon some time ago sent out letters to all men who were in the squad last year who did not finish school to be on hand Monday.

Letters have been received from a number and it is thought that the following men will be on hand Monday: Fanning, Ifner, Gunn, Fiedling, Andrew, Barnes, Riess, Mellon, Cully, Davis, Ferrell, Burrus, William Scott, Farrell, Jones.

There is a possibility that Jones and Locke may not return this year. However, Davis is coming and it is thought arrangements have been made for Jones to enter school. Coach Harmon believes that is Davis and Jones come that Locke also will be found among those present. Harmon is hoping for Locke's return for he should develop into a whale of a player this year.

Three dozen suits have been received and are ready for distribution. Last year the early practice was greatly handicapped by lack of suits. This year the men will start off right and it should result in great benefit.

Coach Harmon so far has been unable to get a game for October 2. McKendree had been scheduled for that date but cancelled. This leaves the Blue and White without a game until the one with Lombard on October 9. In the meantime Lombard will play two games, the Illinois game making her third contest. However, the games may be detrimental instead of beneficial to Lombard. Last year Illinois had Barnes, Mackey and Strickler all knocked out in the opening game with Lombard and they were out for several weeks.

It is the intention of Harmon to start to whip a team into shape at the earliest possible moment as he figures Lombard as one of the hardest games on the schedule. Barnes and Cully should be better this year than ever and if Locke and Jones return it will give the coach practically two back fields.

BEARDSTOWN WILL STAGE BIG BOUT

Pete Herman, World's Bantam Champion to Box Jimmy Kelly—Bout to Take Place Tuesday Evening, Sept. 21.

Tuesday evening, September 21, the Beardstown Athletic club will stage one of the classiest boxing exhibitions ever seen in this section of the state. The contestants are Pete Herman of New Orleans, world's bantam weight champion, and Jimmy Kelly of Chicago. The men will go ten rounds to a decision with Ed Smith, sporting editor of the Chicago American, as referee.

Herman has been training in Chicago and expects to go to Beardstown Monday. Kelly also will be on the ground Monday so that fans are assured that the men advertised will appear. Herman is one of the few real champions. He has been at the top of the bantam heap now for some years. During that time he has fought all of the best men in the business and has proven himself a real "honest to goodness" fighter.

In addition to the main bout there are several good preliminaries on the card. Kid Rayburn of Beardstown will travel six rounds with DeWitt of Taylorville. The men are middleweights. Rayburn has been going good recently and the match should be a fast one with lots of action.

Young Sam Langford and Battling Jeanette of this city will go six rounds and young Rayburn and Clyde Towns, both of Beardstown will go four rounds to open the show. Battle royal between Ivey and a boy of Jacksonville is also law on the bill.

Manager George W. Roumas deserves great credit for having the courage to put on such a high class bout. He should have the support of every boxing fan in this part of the state as it takes money to get boxers of the caliber of Herman, and Kelly. Don't forget the date, Tuesday, September 21. If the roads are good the trip can be made by automobile. Tickets may be secured at Sharpe's cigar store.

WESTERN CONFERENCE BASKETBALL SCHEDULE

Passed a Rule Permitting a Player Taken out of Game to Return at Any Time.

Chicago, Sept. 18.—The Western Conference Basketball association today adopted a schedule for the coming winter, passed a rule permitting a player taken out of a game to be returned at any time and patched up the athletic relations between Chicago and Northwestern universities which were broken off a year ago when it was charged Northwestern teams were composed of men not eligible under conference rules. While the adjustment of difficulties between Chicago and Northwestern will not make possible a gridiron meeting between the two schools this fall, they will meet in the basketball court and probably in all branches of sport hereafter.

Dr. W. E. Meenwell of Wisconsin was elected president of the association and Dr. E. J. Cook was elected secretary. Dr. Meenwell, Dr. Cook and L. W. St. John of Ohio State, were appointed a committee to select officials for the games.

Another rules interpretation meeting will be held December 4. The schedule in full for Illinois follows:

Jan. 18—Chicago at Illinois.
Jan. 22—Illinois at Wisconsin.
Jan. 25—Illinois at Minnesota.
Feb. 5—Illinois at Purdue.
Feb. 7—Ohio State at Illinois.
Feb. 12—Wisconsin at Illinois.
Feb. 22—Purdue at Illinois.
Feb. 26—Illinois at Michigan.
Feb. 28—Illinois at Ohio State.
March 5—Illinois at Chicago.
March 7—Michigan at Illinois.

Chicago, Sept. 18.—Basketball coaches of the Western Conference met here today to draft the schedules for the coming season and elect officers.

NATIONAL GUARD
FOR JACKSONVILLE

One of Companies of Central Regiment, Assigned to This City—Capt. James Hopes to Get Necessary Recruits.

As was stated in the Journal some time ago one of the companies of the new National Guard now in process of formation has been assigned to Jacksonville.

Capt. James stated last night that he hoped to secure the necessary number of recruits for the company in order to secure the place in the regiment. The company now has between twenty and twenty-five men.

The armory will be open Monday evening where all those interested can call and become acquainted with the conditions under which enlistments may be made. Captain James said last night that he had talked with a number of the best young men of the city and they seemed most favorably impressed with the proposition.

The armory will be open each Monday and Thursday evening for the next few weeks for the purpose of enlistments. Information can also be had and enlistments made at the F. G. Farrell & Company bank.

Sixty-five men is the minimum for a company but Capt. James is confident that he will have no trouble in securing the number. Merchants have promised their moral support to the company and have promised that they will allow their employees the time necessary for drills if they join the company.

Capt. James has had the armory papered and it is the hope to later install shower baths and other conveniences. He believes also that if Jacksonville gets one of these companies that it will soon be followed by an appropriation for an armory. This would be a great thing for Jacksonville as it would mean an adequate place for holding conventions, something Jacksonville badly needs.

Under the new regulations, all men will be paid regular army pay according to their rank for each drill. This should be an incentive for ex-service men to join the company.

Capt. James is anxious to get the thing settled as soon as possible. He hopes that all young men interested will call on him

at an early date, and get particulars as to the new company.

The Genuine Round Oak Heating Stove

What do you really pay for when you buy a Heating Stove?

In order to select wisely, it is very important that you should bear in mind when you go to purchase a Heating Stove, that you have to pay three costs — Cost of the stove—Cost of the fuel—Cost of the repairs.

There is only one way that the purchaser of a stove can intelligently determine what to buy—that is to thoroughly investigate the construction of the stove and determine from this investigation whether it will be durable, economical and efficient in operation.

Round Oak Heaters

—Made of the best Gray Cast Iron with copper fused boiler iron sides, make it one of the most durable stoves today on the market.

Gas Ring in Fire Bowl

—Cause burning of gas from smoke otherwise lost by 90 per cent of heaters manufactured today. Consequently the Round Oak is more economical, in fact, will pay for cost of heater in 10 years.

Costs No More Than Any Other Heater

—So why not have in your home a heater that you know will give perfect satisfaction — give you same amount of heat at no greater cost.

Burns Hard Coal

—Round Oak Double Burners will burn hard coal just as successfully as soft. Having the double fire bowl construction gives you this liberty. Also prolongs the life of your heater for a number of years. Let us explain this wonderful feature.

What do you really pay for when you buy a Heating Stove?

In order to select wisely, it is very important that you should bear in mind when you go to purchase a Heating Stove, that you have to pay three costs — Cost of the stove—Cost of the fuel—Cost of the repairs.

There is only one way that the purchaser of a stove can intelligently determine what to buy—that is to thoroughly investigate the construction of the stove and determine from this investigation whether it will be durable, economical and efficient in operation.

Round Oak Heaters

—Made of the best Gray Cast Iron with copper fused boiler iron sides, make it one of the most durable stoves today on the market.

Gas Ring in Fire Bowl

—Cause burning of gas from smoke otherwise lost by 90 per cent of heaters manufactured today. Consequently the Round Oak is more economical, in fact, will pay for cost of heater in 10 years.

Costs No More Than Any Other Heater

—So why not have in your home a heater that you know will give perfect satisfaction — give you same amount of heat at no greater cost.

Burns Hard Coal

—Round Oak Double Burners will burn hard coal just as successfully as soft. Having the double fire bowl construction gives you this liberty. Also prolongs the life of your heater for a number of years. Let us explain this wonderful feature.

EIGHTEENTH ANNUAL BURGEOO AND PICNIC

School Children Enjoyed Event at Nichols Park Saturday—Many Were Present for the Occasion.

Again the children of the city public schools have their annual picnic and burgoo dinner and supper and while there are many tired little folks and some large ones even today, they will doubtless all testify that they had a good time. The weather was absolutely ideal in all respects. The manager was so sorry last June that the Board of Education placed the first day of school a week later than usual fearing it might mean bad weather for the picnic but it was well as usual for a week before Saturday was wet and forbidding so that this, the 18th annual event for the children was favored with fine weather.

About 1,350 tickets were distributed and the street car men used one they were all used and also it should be said that the service was all that could be asked. The men were kind and very patient and the cars made good time so that all went well. Many thanks to the accommodating street car employees.

The mantle of Isaac Watson, the peerless soup maker, has fallen on the shoulders of his worthy son Leonard who produces an article as near perfection in that line as can be asked. Leonard is his father over again and that is praise enough. Many remarked yesterday that the soup was even better than the year before. Uncle Isaac came out and put on the finishing touches in the way for seasoning and then turned over the secret to Leonard who now knows it all. All thanks and honor to the Watsons, father and son, for their great goodness in helping me to the children happy.

Dinner was a little delayed unavoidably, and when the waiters began serving there was a crowd of eager, hungry people waiting for the delicious compound. Again and again came the question, where do they put it all. And each answers where? A bowl or a bowl and a half makes an ordinary person a good meal but some boys ate six and eight.

Both dinner and supper were served and every one insisted they had plenty and for a while it looked as if a little would be left but it gradually disappeared. The playground was liberally patronized and the merry makers scattered themselves well over the park and all seemed to have a jolly time and loth to leave.

The faithful efforts of Supt. J. H. Hopper and his estimable wife and daughter helped make it a success while others were kind to take hold and Brother E. A. Powell and wife came up from Woodson and rendered valuable aid in serving soup. Many thanks to every one who helped make the affair a success.

COATES LANDS SOLD AT PUBLIC AUCTION

Andrew Harris Bought 220 Acres Tract at \$467 Per Acre Setting New Price Record—Sale Totalled \$223,785.

There was no lack of public interest in the sale of land belonging to the estate of the late Job Coates, held Saturday afternoon at the south door of the court house. Something more than 600 acres of land was sold by James Weir Elliott and Richard C. Reynolds as executors of the estate. The attorneys representing them were Bellatti, Bellatti and Moriarty and the auctioneers were J. L. Henry and C. Justus Wright.

Brought Big Total

The land sold brought a total of \$223,785. A new mark was set for Morgan county farm land when a tract of 220 acres which is located a short distance north of Orleans, was sold to Andrew Harris at \$467 per acre.

There was a big crowd in attendance when the sale began and the bidding was spirited from the very beginning. The tract of 160 acres north of Orleans located in 23-15-9, was first offered and the bid of Charles Hadden was \$377 per acre. Then a tract of 60 acres was knocked off to William Davenport at \$340 per acre. In accordance with the announced terms of the sale, the two tracts totaling 220 acres were then offered and the purchaser was Andrew Harris, on his bid of \$467 per acre.

The bid of Louis Perbix for 80 acres in 19-14-9, south of Pisgah, was \$271 per acre and he made a like bid for another tract of 80 acres adjoining it. Then the 160 acres was sold as a whole and was purchased by O. F. Conklin at \$330 per acre.

Three Other Tracts Sold

The next offering was 40 acres in 20-14-9, in the isgah neighborhood, and it was purchased by Samuel Darley at \$315 per acre. A. A. Curry bid \$203 an acre for two 80 acre tracts in 18-14-9, and when the two were offered together the 160 acres brought \$320 per acre with P. D. Trotter as the purchaser.

A 32 acre tract of timber land was purchased by Andrew Harris at \$125 per acre.

By the terms of the sale 20 per cent cash was paid, the balance to be due March 1, 1921, when the lands are to be delivered. As indicated, the total value of the lands sold was \$223,785. The executors of the estate have in their possession securities belonging to Mr. Coates with an approximate value of \$75,000. This means that the estate is worth practically \$300,000. The executors handled the sale in a manner calculated to get the best results for the interested heirs.

Heirs to the Estate

According to the will of Mr. Coates, his estate will be distributed according to the laws of descent. One-third will go to the heirs of Carbelius Coates, who are Mrs. Rose Schofield, Jacksonville; Mrs. Lula Moody, Prince Coates; Rebecca Coates, Robert Coates; the heirs of Clara Morris of Winchester; and the heirs of Anna Hembrough of this county. Another third will go to Victoria Coates, daughter of William Coates, a brother of the deceased, resident in Scalby, Yorkshire, England. The remaining one-third will be divided among the children of Louisa Goodall, who was a sister of the deceased. Emma Hurd, Amos Goodall, Harry Goodall, Job W. Goodall, William Goodall, all of Scalby, Yorkshire, England; Robert Goodall of Joplin, Mo.; Harrier Anne Becraft of Santa Monica, Cal.; Louisa Ewen of New Brunswick, Canada.

FARM WILL BE SOLD AT AUCTION

The Edmund Blackburn homestead located six miles northwest of Jacksonville is to be sold at auction Monday, Sept. 27th. Mr. Blackburn will sell the farm of 180 acres and all his personal farm property before removing to Jacksonville and occupying his home on Sandusky street.

COATES LANDS SOLD AT PUBLIC AUCTION

Andrew Harris Bought 220 Acre Tract at \$467 Per Acre Setting New Price Record—Sale Total—\$223,785.

There was no lack of public interest in the sale of land belonging to the estate of the late Job Coates, held Saturday afternoon at the south door of the court house. Something more than 600 acres of land was sold, by James Weir Elliott and Richard C. Reynolds as executors of the estate. The attorneys representing them were Bellatti, Bellatti and Moriarty and the auctioneers were J. L. Henry and C. Justus Wright.

Brought Big Total

The land sold brought a total of \$223,785. A new mark was set for Morgan county farm land when a tract of 220 acres which is located a short distance north of Orleans, was sold to Andrew Harris at \$467 per acre.

There was a big crowd in attendance when the sale began and the bidding was spirited from the very beginning. The tract of 160 acres north of Orleans located in 23-15-9, was first offered and the bid of Charles Hadden was \$377 per acre. Then a tract of 60 acres was knocked off to William Dayenport at \$340 per acre. In accordance with the announced terms of the sale, the two tracts totaling 220 acres were then offered and the purchaser was Andrew Harris, on his bid of \$467 per acre.

The bid of Louis Perbix for 80 acres in 19-14-9, south of Pisgah, was \$271 per acre and he made a like bid for another tract of 80 acres adjoining it. Then the 160 acres was sold as a whole and was purchased by O. F. Conklin at \$330 per acre.

Three Other Tracts Sold

The next offering was 40 acres in 20-14-9, in the Iskah neighborhood, and it was purchased by Samuel Darley at \$315 per acre. A. A. Curry bid \$203 an acre for two 80 acre tracts in 18-14-9, and when the two were offered together the 160 acres brought \$320 per acre with P. D. Trotter as the purchaser.

A 33 acre tract of timber land was purchased by Andrew Harris at \$125 per acre.

By the terms of the sale 20 per cent cash was paid, the balance to be due March 1, 1921, when the lands are to be delivered. As indicated, the total value of the lands sold was \$223,785. The executors of the estate have in their possession securities belonging to Mr. Coates with an approximate value of \$75,000. This means that the estate is worth practically \$300,000. The executors handled the sale in a manner calculated to get the best results for the interested heirs.

Heirs to the Estate

According to the will of Mr. Coates, his estate will be distributed according to the laws of descent. One-third will go to the heirs of Carbellus Coates, who are Mrs. Rose Schofield, Jacksonville; Mrs. Lula Moody, Robert Coates; Rebecca Coates, Prince Coates; the heirs of Clara Morris of Winchester; and the heirs of Anna Hembrough of this county. Power, Simplicity, Low Operating Cost. You will admire every point of this Twin City 12-20. It's fine, clean, handsome appearance, the ease with which you can get at all its parts as well as its simple operation. But most of all you will admire its great power and its low running cost. This great power is the result of the famous 16-valve engine—the most important step in tractor manufacturing since the beginning of the tractor industry. Live axle with direct drive on both speeds is another great feature. Come in and let us give you the whole story about this Twin City 12-20. When you buy a tractor you want the most power you can get at the lowest possible cost, and that is what this Twin City 12-20 delivers.

WILL PLACE NEW BAND ON PERMANENT BASIS

Committee Appointed By Mayor Crabtree Met With Committee From Band Friday Evening—Hope to Have Best Band in State.

Friday evening a committee appointed by Mayor Crabtree to confer with a committee from the newly organized Jacksonville band, met in the city council chamber to consider plans for placing the band on a permanent basis.

The citizen's committee is composed of Henry Frisch, Lloyd Reid, J. Weir Elliott, H. J. Rodgers and Lloyd Hamilton. The committee from the band was J. Bart Johnson, John Kearns, president of the musicians' union, George Hearle, M. E. Gilbert, Leonard Potter and Clyde Vasconcellos.

The committees discussed informally plans to place the local band on a permanent basis. It was pointed out that a number of cities had municipal bands, that they were looked after by the city and its citizens. This is notably true of the little city of Winchester which has an excellent band. If Winchester can have a band there is no reason why Jacksonville can't have one.

Many Musicians Here.

There are more musicians of high class in Jacksonville than there probably are in any city of twice its size in the state. The old Juvenile band, later the Jeffries band, was second to none in the central west. Many of the members of that organization are still here and still actively interested in music.

Maintaining a band aside from the financial aspect means a great deal of sacrifice to the members.

There are long rehearsals and engagements there are long marches and a loss of time. However, the members are willing to give their time if the citizens will show a like spirit of cooperation.

There is no reason for Jacksonville having to go to some other city to engage a band when a celebration of any kind is to be staged. Let's have a band of our own and then we can celebrate whenever we wish to.

May Give Concerts. Among other things discussed was a series of concerts as a means of raising money. New uniforms will be needed and a musical library is another essential. No definite steps were taken Friday evening aside from a general discussion. Another meeting will be called soon when some definite plan will be offered by the committee.

It has been suggested that when the band gets down to regular rehearsals that the city council chamber be used for this purpose. It would be an ideal place. There is heat and light and plenty of room. This would solve one problem, that of rent and other expense. There is no doubt but that such an arrangement could be made and space also found for the storing of instruments, music and other paraphernalia.

SAYS TANLAC MADE HER WELL AND HAPPY

Mrs. Dalton Declares She Has Been Entirely Relieved of Indigestion After Suffering Two Years.

"Tanlac has certainly made a well and happy woman of me and I cannot praise it enough," said Mrs. Dora Dalton, of 200 Oak St., Evansville, Ind.

"After suffering for two years from indigestion, nervousness and sick headaches and falling off in weight and strength, I have been built up by Tanlac and feel as well as I ever did in my life."

"Before I took Tanlac I had hardly any appetite and the little I did force down made me miserable. I suffered from constant sick headaches, my nerves were upset and my sleep was so broken I woke up in the morning as

tired as when I went to bed. My awful condition worried me and I became despondent, for it seemed like nothing could help me."

"After taking all kinds of medicine and getting no relief I decided to try Tanlac. It was not until I began on the second bottle that I noticed much improvement, but from that time on I picked up rapidly. I have now taken five bottles and feel fine all the time. I can eat anything and everything I want and never have any trouble from gas or pains in my stomach. I am free from nervousness and headaches and haven't an ache or pain in my whole body, and I sleep so soundly at night that some one has to rouse me in the morning."

Tanlac is sold in Jacksonville by Coover Drug Co., J. F. Shreve Drug Stores, and by the leading drug stores in every town.—Adv.

12-20 Kerosene Tractor With 16-Valve Engine

Power, Simplicity, Low Operating Cost. You will admire every point of this Twin City 12-20. It's fine, clean, handsome appearance, the ease with which you can get at all its parts as well as its simple operation. But most of all you will admire its great power and its low running cost. This great power is the result of the famous 16-valve engine—the most important step in tractor manufacturing since the beginning of the tractor industry. Live axle with direct drive on both speeds is another great feature. Come in and let us give you the whole story about this Twin City 12-20. When you buy a tractor you want the most power you can get at the lowest possible cost, and that is what this Twin City 12-20 delivers.

Sale Starts 1 p. m.

I am selling one calf by this great breeding bull, that is a line bred Avondale, the blood that stands four square in the Shorthorn world. He is white in color, born Feb. 10, 1920. Also a beautiful roan calf by the Imported "Mayflower" bull, owned by the "Etherly Stock Farm." These two bull calves and three pure bred Shropshire Rams will be sold with the boars and gilts Sept. 29. In justice to my offering of Big Type Poland Chinas I want to say that they have been selected from the best, growthiest crop of pigs I have ever raised, and is truly in keeping with the progress of the breed. The boar and sow herd has been greatly strengthened this past year, which further strengthens their ability to breed on. Trusting that we may have you on Sept. 29, 1920 and that it will be a profitable day for all concerned, I am

"We Never Quit"

TO OUR PATRONS—The present condition of business has made it necessary for us to find safe investments yielding a higher net income than local real estate mortgages. We found what we need, offered by The Straus Brothers Company, of Ligonier, Ind. We have satisfied ourselves concerning their stability and good business management and of the real merit of their offerings.

Their first farm mortgages are good and draw 6½% interest semi-annually and are guaranteed, both principal and interest. Their preferred stock draws 7% tax free payable quarterly and further participates in earnings of the company up to 10%.

We invite your most careful investigation. We can place your funds in any amount from \$100.00 up, any day you may make application, without delay. For further particulars come to the office any day and be convinced.

Chiropactic lives and advances because it is founded on Natural laws of Health. In just a few years it has grown from a "quack" idea for which its handful of practitioners were persecuted and jailed, to a recognized science that has benefited thousands, and has its many schools and associations, with practitioners in every nook and corner of the country.

A Real Hope of Relief

Why this growth? Because Chiropactic offers to suffering humanity the richest gift of Nature—Health. It grows because thinking people know that sickness is unnatural in a normal body, and are eagerly taking up that science which attacks the abnormal sick conditions in the logical way, and, without drugs or knife, removes the cause of disease.

The Chiropactor does not cure. He puts the body in tune with Nature and the natural healing forces build up and strengthen the weak and diseased organs and tissues. He has found that certain diseases are the result of the pressure of the spinal bones on the nerves which obstructs the life-giving currents. By adjusting certain parts of the spine and removing the pressure, illness in those organs that these nerves feed, can be relieved. Through

GULBRANSEN Player-Piano

They All Sing the Latest with the Gulbransen

If a song is a "hit" anywhere you can get it right away in a player-roll for the Gulbransen. All arranged so you can play it with spirit and expression. The words of verse and chorus printed on the roll.

There's nothing like the Gulbransen to give young folks and old a good time any time. Keeps you up-to-date on music. Makes your home the center of entertainment. Does away with stupid evenings alone.

Every Kind of Music

More than 6000 compositions are ready for you in player-rolls for the Gulbransen. Besides the latest jazz or ballad, there are hundreds of good songs for those who sing well or are learning; also the principal numbers from all the grand operas, and every well known classical composition.

The Gulbransen is a great aid in musical study, either for those learning to play by hand to "show how it goes," or for those interested in higher musical interpretation. The Gulbransen is capable of every form of musical expression. Even the amateur who "doesn't know one note from another" can learn to play it with artistic feeling.

Gulbransen "Pedal Touch"

The secret of the Gulbransen performance is in its "pedal touch"—the "feel" of the pedals against the pressure of your feet—the quick response they give to your slightest touch.

Until you have once played a Gulbransen you cannot appreciate what this means. Probably every player-piano you have tried has seemed to "make you work." But the Gulbransen is so "Easy to Play" it actually helps you; you can play for hours without being conscious of effort.

Try a Gulbransen at our dealer's store named below. Probably you have noticed the "Baby at the Pedals"—actually playing the Gulbransen—in his window. Ask the dealer—or write us—for free copy of "Good Times with Your Gulbransen." Tells all about the music available and the fun you can have.

CARBURETORS

The new Stromberg Carburetors are a response to the demand of present economic conditions: the threatening scarcity of gasoline fuel, the depreciation in quality, and the increasingly critical requirements of the motorist of today.

Old methods were not adequate: for new results it was necessary to employ new principles; and starting from the elementary carburetor form, the PLAIN TUBE, a design was developed which though simple in construction, performed a number of new functions, hitherto unaccomplished but vitally essential to the efficient use of present day heavy fuels.

A Plain Tube Carburetor is one in which both the air and the gasoline openings are fixed in size; and in which the gasoline is metered automatically, without the aid of moving parts, by the suction of air velocity past the jets.

Along with the advantage of simplicity, and freedom from derangement, this construction allows the whole air supply to be taken thru a heater, which increases the efficiency, eliminates danger from backfire, and tends to prevent dirt from entering the motor thru the carburetor.

Come in and get, or let us sent you one of the new booklets giving the latest on Carburetors.

C. H. STORY WRITES FROM GARDEN CITY

Local Man Gives Interesting Facts About Visit in Kansas—Describes Process of "Thrashing Cantaloupes."

To Jacksonville Journal Co., Gentlemen: Remembering how I enjoy letters from friends who are in other sections of the country, and write home folks thru your columns, I take pleasure in reporting some "new departures" in agriculture, and hasten to say that for the first time in my life I heard of "thrashing cantaloupes," and saw the real Garden City farmers today, in their different fields, really "thrashing cantaloupes."

A machine for the purpose is mounted on a truck and driven in-

to the field, and load after load of cantaloupes are put thru to procure the seed.

The process is rather less complicated than you might suspect, and consists in the melons being scooped into a container, a man very dexterously passes them over a fixed knife that cuts them in halves, after which they tumble into this cylinder and as they are rolled from side to side they slowly move to the lower end of the cylinder, where the pulp and rind pass out, while the seeds pass thru the slots and perforations of the cylinder wall and drop into a container below. They are then washed and find a ready sale to seed men at the current price of 25c per pound. The refuse is used for feed for hogs and other stock.

Another very interesting feature of this section is the manner of marketing alfalfa. It is hauled loose, either by wagon or truck loads, from nearby farms to the mills and from farther out, there is a railroad running twenty miles thru the farms, bringing train loads of loose alfalfa that is run thru the mills at the rate of 140 tons a day, and comes out in 100 pound bags of alfalfa meal.

The hay may be cut in the field in the morning and run thru the steam dryer and ground into meal in the afternoon.

The market for loose hay runs from \$10.00 to \$12.00 per ton just now and the fields average from six to seven and a half tons per acre for the season. The meal sells from \$45.00 to \$50.00 per ton on track—a big profit for the grinding, but finds a ready sale both north and east.

Another very profitable crop is the milo maize, somewhat like Kaffir corn, and yielding from 50 to 80 bushels and exceptional yields of over 90 bushels per acre, and sells on the markets with corn at current prices. I could not but notice a certain garden today in which I saw growing watermelons, cantaloupes, pie squash, beets, turnips, beans, chard, pepper, peanuts, tomatoes, onions, rhubarb and cucumbers. So we may be sure there is no scarcity of food from this source.

Sugar beets will soon begin coming and nearly ten thousand acres will average twelve tons per acre, and each ton produce about 250 pounds of sugar. Some sugar, but we can use it.

The many thousands of acres of wheat are beginning to be sown, and the fields are in fine shape.

On the whole, it seems the farmers here are getting along remarkably well, but we must never think there are no objectionable features, and that these much to be desired profits come without effort. It takes work and management and forethought just like it does any where else, but when a man does his part where he has splendid soil, water for irrigation as he needs, and plenty of sunshine there is little chance to lose. Farms and crops here, as at home, reflect the calibre of the owner.

Every one owes it to himself to see some other sections of our great country, and educate himself to its possibilities and draw comparisons or contrasts—it helps him to really discover himself. Chas. H. Story.

Free Lecture on Christian Science, Grand Theatre. Tuesday night, Sept. 21, at 8 o'clock, by Judge Samuel W. Greene, C. S., of Louisville, Ky., Member of The Board of Lectureship of The Mother Church, The First Church of Christ Scientist, in Boston, Massachusetts. The public is cordially invited to attend.

WOMAN'S COLLEGE NOTES

The college opens Monday, September 20, 1920. Registration days are Monday and Tuesday. First chapel exercises will be held on Wednesday morning at 9 o'clock. All friends of the college are invited to this service. All classes will meet with instructors following the chapel exercises.

The work of the college is constantly expanding. Special courses in physical education are being given this year in preparation for professional work in this line. Dietetics in the department of Home Economics is interesting. A number of students have specialized in this department. Miss Marion Munson served as dietitian for the Passavant hospital during the summer. She will re-enter the college as a junior and continue with her studies this fall. Miss Gladys Goodale of Aurora, who finished the four-year course of Home Economics last June, went immediately to the State Training School for Girls at Geneva, as head dietitian.

The Greetings staff are busily engaged in getting out an extra edition. It is planned to have this ready for distribution on Tuesday morning so that all students will be able to get in touch with the school activities at once. Miss Vera Wardner of Chicago, editor-in-chief is at the college. Miss Cora Cherry is associate editor and has been assisting Miss Wardner. Margaret Hamilton, junior editor will have several items of interest to her classmates. Miss Margaret Fowler of Springfield has also contributed several articles.

Many improvements have been made in and around the college buildings during the vacation period. Chief interest centers in the splendid addition to the library. This gives room for much needed expansion. The student rooms are greatly improved with freshly painted wood work and new hardwood floors in the old part of the building.

Saturday evening, Dr. and Mrs. Harker met the faculty informally. The new members were introduced and plans for registration days announced.

Bluffs, Sept. 17.—The funeral of Miss Lillian Pieper Sears, elder daughter of Mrs. Ella Sears, who died at Colorado Springs, Colo., Saturday where she had been an invalid for several years, was conducted from the family residence three miles south of town Friday at 10:30 o'clock a. m. The Rev. Wroughton of Naples officiating. Besides her mother, deceased is survived by one sister, Mrs. Helen Marsh and two brothers, Harvey and Ogden.

Interment was in the Sears cemetery.

Miss Esther Six, Marcella Six and sister, Mrs. Lee Baird, daughter, Ruth Anne and Clarence Phillips motored to Springfield, Friday.

Mrs. Harry Geisendorfer, Miss Margaret Finney and William Hildebrand were among the callers in Jacksonville Thursday.

Mrs. Charles Hildebrand of Griggsville arrived Friday to visit her son, William Hildebrand. Ed Fowler has purchased the J. E. Likes property in the north part occupied by Moses Woods and family.

The Zig-Zag Tread

Mechanically and scientifically correct for greatest security under all road conditions. The Δ and ∇ shaped cups alternate on both sides of the extra wide, heavy tread. Slicing is minimized. Parallel Bar Bases of the "Zig-Zag" and straight Center Line of tread are thick rubber studs that assist in keeping the wheels "hand on."

Lee Cords—Economy Tires

PUT a Lee Cord on your car. Forget about it for five, six or seven thousand miles. Then watch it closely. Note how it continues to roll up mileage—how it stays young and keeps postponing the need of a new shoe—how it outlives and outlives any tire you ever had.

Keep close count on the mileage delivered. Divide the price of the tire by the miles of service. Let the tire-cost-per-mile be your guide for future tire buying.

Lee Cord construction, the high quality of materials and the hand work of skilled cord tire specialists practically eliminate blowouts, blisters, tread separation, sidewalls breaking, internal friction and the other usual tire troubles.

When you begin using Lee Cords you end tire waste. Every mile brings a saving; you'll see the difference in a year. But don't wait to have me show you their advantages.

C. H. STORY WRITES FROM GARDEN CITY

Local Man Gives Interesting Facts About Visit in Kansas—Describes Process of "Thrashing Cantaloupes."

To Jacksonville Journal Co., Gentlemen:

Remembering how I enjoy letters from friends who are in other sections of the country, and write home folks thru your columns, I take pleasure in reporting some "new departures" in agriculture, and hasten to say that for the first time in my life I heard of "thrashing cantaloupes," and saw the real Garden City farmers today, in their different fields, really "thrashing cantaloupes."

A machine for the purpose is mounted on a truck and driven in-

to the field, and load after load of cantaloupes are put thru to procure the seed.

The process is rather less complicated than you might suspect, and consists in the melons being scooped into a container, a man very dexterously passes them over a fixed knife that cuts them in halves, after which they tumble into this cylinder and as they are rolled from side to side they slowly move to the lower end of the cylinder, where the pulp and rind pass out, while the seeds pass thru the slots and perforations of the cylinder wall and drop into a container below. They are then washed and find a ready sale to seed men at the current price of 25c per pound. The refuse is used for feed for hogs and other stock.

Another very interesting feature of this section is the manner of marketing alfalfa. It is hauled loose, either by wagon or truck loads, from nearby farms to the mills and from farther out, there is a railroad running twenty miles thru the farms, bringing train loads of loose alfalfa that is run thru the mills at the rate of 140 tons a day, and comes out in 100 pound bags of alfalfa meal.

The hay may be cut in the field in the morning and run thru the steam dryer and ground into meal in the afternoon.

The market for loose hay runs from \$10.00 to \$22.00 per ton just now and the fields average from six to seven and a half tons per acre for the season. The meal sells from \$45.00 to \$50.00 per ton on track—a big profit for the grinding, but finds a ready sale both north and east.

Another very profitable crop is the milo maize, somewhat like Kafir corn, and yielding from 50 to 80 bushels and exceptional yields of over 90 bushels per acre, and sells on the markets with corn at current prices. I could not but notice a certain garden today in which I saw growing watermelons, cantaloupes, pie squash, beets, turnips, beans, chard, pepper, peanuts, tomatoes, onions, rhubarb and cucumbers. So we may be sure there is no scarcity of food from this source.

Sugar beets will soon begin coming and nearly ten thousand acres will average twelve tons per acre, and each ton produce about 250 pounds of sugar. Some sugar, but we can use it.

The many thousands of acres of wheat are beginning to be sown, and the fields are in fine shape. On the whole, it seems the farmers here are getting along remarkably well, but we must never think there are no objectionable features, and that these much to be desired profits come without effort. It takes work and management and forethought just like it does any where else, but when a man does his part where he has splendid soil, water for irrigation as he needs, and plenty of sunshine there is little chance to lose. Farms and crops here, as at home, reflect the calibre of the owner.

Every one owes it to himself to see some other sections of our great country, and educate himself to its possibilities and draw comparisons or contrasts—it helps him to really discover himself.

Chas. H. Story.

Free Lecture on Christian Science, Grand Theatre, Tuesday night, Sept. 21, at 8 o'clock, by Judge Samuel W. Greene, C. S., of Louisville, Ky., Member of The Board of Lectureship of The Mother Church, The First Church of Christ Scientist, in Boston, Massachusetts. The public is cordially invited to attend.

WOMAN'S COLLEGE NOTES

The college opens Monday, September 20, 1920. Registration days are Monday and Tuesday. First chapel exercises will be held on Wednesday morning at 9 o'clock. All friends of the college are invited to this service. All classes will meet with instructors following the chapel exercises.

The work of the college is constantly expanding. Special courses in physical education are being given this year in preparation for professional work in this line. Dietetics in the department of Home Economics is interesting. A number of students have specialized in this department. Miss Marion Munson served as dietitian for the Passavant hospital during the summer. She will re-enter the college as a junior and continue with her studies this fall. Miss Gladys Goodale of Aurora, who finished the four-year course of Home Economics last June, went immediately to the State Training School for Girls at Geneva, as head dietitian.

The Greetings staff are busily engaged in getting out an extra edition. It is planned to have this ready for distribution on Tuesday morning so that all students will be able to get in touch with the school activities at once. Miss Vera Wardner of Chicago, editor-in-chief is at the college. Miss Cora Cherry is associate editor and has been assisting Miss Wardner. Margaret Hamilton, junior editor will have several items of interest to her classmates. Miss Margaret Fowler of Springfield has also contributed several articles.

Many improvements have been made in and around the college buildings during the vacation period. Chief interest centers in the splendid addition to the library. This gives room for much needed expansion. The student rooms are greatly improved with freshly painted wood work and new hardwood floors in the old part of the building.

Saturday evening Dr. and Mrs. Harker met the faculty informally. The new members were introduced and plans for registration days announced.

FUNERAL WAS HELD NEAR BLUFFS FRIDAY

Remains of Miss Lillian Sears Interred Friday Morning—Edward Fowler Purchases Residence Property — Other News Items.

Bluffs, Sept. 17.—The funeral of Miss Lillian Pieper Sears, elder daughter of Mrs. Ella Sears, who died at Colorado Springs, Colo., Saturday where she had been an invalid for several years, was conducted from the family residence three miles south of town Friday at 10:30 o'clock a. m. The Rev. Wroughton of Naples officiating. Besides her mother, deceased is survived by one sister, Mrs. Helen Marsh and two brothers, Harvey and Ogden.

Interment was in the Sears cemetery.

Miss Esther Six, Marcella Six and sister, Mrs. Lee Baird, daughter, Ruth Anne and Clarence Phillips motored to Springfield, Friday.

Mrs. Harry Geisendorfer, Miss Margaret Finney and William Hildebrand were among the callers in Jacksonville Thursday.

Mrs. Charles Hildebrand of Griggsville arrived Friday to visit her son, William Hildebrand.

Ed Fowler has purchased the J. E. Likes property in the north part occupied by Moses Woods and family.

Lee Cords—Economy Tirés

PUT a Lee Cord on your car. Forget about it for five, six or seven thousand miles. Then watch it closely. Note how it continues to roll up mileage—how it stays young and keeps postponing the need of a new shoe—how it outrides and outlives any tire you ever had.

Keep close count on the mileage delivered. Divide the price of the tire by the miles of service. Let the tire-cost-per-mile be your guide for future tire buying.

Lee Cord construction, the high quality of materials and the hand work of skilled cord tire specialists practically eliminate blowouts, blisters, tread separation, sidewalls breaking, internal friction and the other usual tire troubles.

When you begin using Lee Cords you end tire waste. Every mile brings a saving; you'll see the difference in a year. But don't wait to have me show you their advantages.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

If you inspect the chassis of a Paige "Glenbrook," you will notice an unusually large pair of rear springs. They are of the semi-elliptic type and measure 61 1/4 inches.

It is impressive just to inspect these springs, but a ride in the car will prove a revelation. Then, you will understand why the entire country is talking about the easy riding qualities of this five passenger model.

If you know of a really bad stretch of road, ride it with the "Glenbrook"—and draw your own conclusions.

Do You Know

—That a tire dealer often makes a larger profit on the sale of a cheap tire than he makes on a good one?
—When you stop to consider the difference in the price to you between cheap tires and good ones that certainly indicates an even greater difference in the price to the dealer, and the manufacturer who makes the cheap tire cannot afford to build it of anything but cheap material.

—A price bargain therefore is nothing more or less than the name indicates. The only time it costs you less is at the actual moment of purchase. You cannot reasonably expect to get as much for your money when you buy goods made of cheap material, as when you get the best.

—We sell GOODYEAR TIRES and TUBES because they represent true economy. Last year and the year before more people rode on GOODYEAR TIRES than on any other kind. It's the same this year. It will be true next year and the year after.

Do You Know

—That a tire dealer often makes a larger profit on the sale of a cheap tire than he makes on a good one?
—When you stop to consider the difference in the price to you between cheap tires and good ones that certainly indicates an even greater difference in the price to the dealer, and the manufacturer who makes the cheap tire cannot afford to build it of anything but cheap material.

—A price bargain therefore is nothing more or less than the name indicates. The only tire it costs you less is at the actual moment of purchase. You cannot reasonably expect to get as much for your money when you buy goods made of cheap material, as when you get the best.

—We sell GOODYEAR TIRES and TUBES because they represent true economy. Last year and the year before more people rode on GOODYEAR TIRES than on any other kind. It's the same this year. It will be true next year and the year after.

at the home of Frank Lakin Thursday night.

The reception room was tastefully decorated in the Philomathian colors of liberty blue and white. While the dining room was adorned with the Ciceronian colors, brown and gold. This color scheme together with their motto "B" was also carried out in the menu.

About sixty were present and after some hours of music and games a four course banquet was served, the menu being as follows:

Menu of banquet—Fruit cocktail, celery soup, crisp crackers, pickles, pressed chicken, jelly, buns, Waldorf salad, tomatoes, ice cream, angel food cake, mints, nuts.

After the banquet toasts were given by: Otis Harp, president of Ciceronian society; Paul Lashment, president of Philomathians; Lucile Hardy, secretary of Philomathians; Miss Ethel Whitlock, faculty advisor and principal; Miss Hattie Lemon, Miss Mary Sullivan, superintendent; Miss Grace Jennings, Miss Georgia Chapman, Miss Adela Kepler.

This was followed by several musical numbers and readings after which came games and contests in which prizes were won by the Philomathian society and by Louanna Wright. The guests departed at a late hour.

A. R. Greenwalt and Frank Brown left Thursday night for Beardstown to visit Rev. F. F. Peters and family.

Mrs. M. S. Howard and children visited her daughter, Mrs. W. W. Whitworth in Roodhouse recently.

Stanley Funk left Friday morning for Champaign where he will enter school.

Miss Lula Sloan is visiting her mother, Mrs. G. Sloan here.

Miss Lucille Antrubus spent Friday in Jacksonville.

A daughter, fifth child, was born to Mr. and Mrs. Clayton Hudson Tuesday, Sept. 16.

Mrs. F. F. Clark was called very suddenly Monday evening to Chapin where her mother, Mrs. Vanter, was seriously ill.

Mrs. William Welsh and daughter, Mrs. T. Admire, visited relatives here Thursday.

The Eastern Star members are invited to a banquet given by the chapter of Roodhouse Friday evening.

The College of Music offers unusual opportunities in class instruction for beginners in Piano and Violin at a nominal fee. Those interested would do well to call Director Pearson at the Illinois Woman's College.

OBITUARY.

Martha Frances Wright was born in Hart county, Kentucky, Aug. 10, 1866 and passed to the great beyond Sept. 14th, 1920 at 8:45 p. m. at the age of 54 years, 1 month and 3 days. She was united in marriage to Geo. W. Wilhite January 1, 1895 and to this union was born 7 children. Four preceded their mother in death. The remaining three are: Mary, wife of J. J. Golden of Jonesboro, Ark.; Grover of Anderson, Ind.; and Nace residing at home. She is also survived by her husband and one sister, Mrs. Grant Jones, who showed her tender love for her during her recent illness. In her early girlhood she professed a hope in Christ and united with the Baptist church and remained a faithful member until death.

Most of her life was spent in Kentucky having come to Illinois about five years ago. Her affliction has been marked with a great deal of pain and anguish having cancer of the stomach and suffering about three years. But thru it all she looked up with a never faltering faith to Him who doeth all things well, enduring her suffering with great patience.

at the home of Frank Lakin Thursday night.

The reception room was tastefully decorated in the Philomathian colors of liberty blue and white. While the dining room was adorned with the Ciceronian colors, brown and gold. This color scheme together with their motto "B" was also carried out in the menu.

About sixty were present and after some hours of music and games a four course banquet was served, the menu being as follows: Menu of banquet—Fruit cocktail, celery soup, crisp crackers, pickles, pressed chicken, jelly, buns, Waldorf salad, tomatoes, ice cream, angel food cake, mints, nuts.

After the banquet toasts were given by: Otis Harp, president of Ciceronia society; Paul Lashment, president of Philomathians; Lucile Hardy, secretary of Philomathians; Miss Ethel Whitlock, faculty advisor and principal; Miss Hattie Lemon, Miss Mary Sullivan, superintendent; Miss Grace Jennings, Miss Georgia Chapman, Miss Adela Kepler.

This was followed by several musical numbers and readings after which came games and contests in which prizes were won by the Philomathian society and by Louemna Wright. The guests departed at a late hour.

A. B. Greenway and Frank Brown left Thursday night for Beardstown to visit Rev. F. F. Peters and family.

Mrs. M. S. Howard and children visited her daughter, Mrs. W. W. Whitworth in Roodhouse recently.

Y. M. C. A. NOTES.

Do you want a modern "Y" in Jacksonville had enough to get it?

By Victor Murdock.

For the world not only knows a liar, but finding him, the world also freezes him.

Because esteem cannot be bought save by confidence, and confidence cannot be bought save by sincerity, and sincerity is not to be had in this world save by the practice of those three things, the truth, the whole truth, and nothing in the truth.

In Mexico City, where everybody smokes, the thirty-one-to be last man—gym leaders cut out cigarettes. They are leaders in health and hygiene and wholesomeness in the city. All America please note.

The Bible and Life problems are studied by Hi-Y boys in Appleton, Wis. In the Four-Square League ten teams have an enrollment of 120.

At Bessemer, Ala., local business men got behind a campaign for \$100,000 and overtopped \$140,000. Result, not only a building for the town but Rotary and Kiwanis clubs.

Newsboys cut swearing and are easier to handle because they joined the Davenport association, declares their manager. He recently gave 32 of them an abundant feast. All belong to the Newsboys' club.

More than twice as many united with Chicago churches in 1919 than in 1918, as a result of gospel work carried on under Central Department and Church auspices. Fourteen teams of 10 men each formed the organization. Attendance at Bible classes passed 38,000 and over 2,000 workers were supplied to churches and church agencies.

A Hi-Y member and three other boys who got their first experience in the old Minneapolis association, are doing a real piece of religious work in a church boys' club of forty members.

Too many for Sunday school is the remarkable situation in one city of Korea. There are so many pupils that three sessions of the school must be held every Sunday. About 3,000 attend one Korean Sunday school.

Death did not sever the interest of George A. Upton from the Gloucester, Mass., association, for he endowed it with \$25,000, and bequeathed it a third of his estate after other legacies had been paid which may in all amount to \$50,000. He was the first local president and had been a director for 50 years.
